NUMBER FIVE

**PLAYS FOR DANCE**—The Tommy Dorsey Band, above, led by Warren Covington, will play for an ACC dance on November 12. The dance will be held at the Wilson Community Center.

## Famed Dorsey Band To Play For Dance

By BOB COLLINS  
Collegiate Co-Editor

The Executive Board of the Atlantic Christian College Cooperative Association and the ACC Interfraternity Council announced this week that the band of the late Tommy Dorsey will play for an ACC dance to be held at the Wilson Community Center November 12.

"The Executive Board is financing the dance from the executive fund of the Cooperative Association budget, and the IFC is making the arrangements for the dance," Sammy White, president of the IFC said this week.

This is the first time a dance has been held at the community center. Last year, the Woody Herman band was on campus to play for an ACC dance which was held in the gymnasium.

"The Tommy Dorsey band, currently under the direction of Warren Covington, was contacted

through its agency in New York last week, and the contract for the engagement was signed and mailed to the agency last Saturday," White said.

Bobby Dunn, president of the Cooperative Association pointed out that this dance is co-sponsored by the association and IFC Council and it is being held for the benefit of the entire student body.

"We hope that every student will take advantage of this opportunity to enjoy one of America's best dance bands," Dunn said.

White pointed out that the members of the IFC will be responsible for publicity, printing of tickets, decorations and other necessary arrangements.

White, in his capacity as IFC president, made the arrangements to have the dance at the community center. The dance will be held on the basketball court, White

## Police Officers Start Crackdown On Violations

Students at Atlantic Christian College have been in violation of the law as they have parked more and more frequently in no parking zones.

The Wilson Police Department announced this week that it has started a crackdown on the violators. A spokesman for the department said officers will begin tagging every car that is illegally parked in the vicinity of the college campus.

Ticketing the cars has already begun. Tuesday morning, a police officer made a complete survey of the situation and could be seen writing several tickets to be placed on vehicles that were parked illegally.

The spokesman for the police department said one vehicle owner at Atlantic Christian is being sought for ignoring violation tickets that had been placed on his car. The department spokesman said the vehicle bears a South Carolina license plate and that the department has contacted the motor vehicles department in South Carolina for the owner's name. The owner will be prosecuted, the department spokesman said.

Atlantic Christian officials have no jurisdiction over the parking spaces on the streets surrounding the college. An official of the college said today that the police department had notified the college that it has started a crackdown.

## \$778,575 Revised Budget Approved By Trustees

A revised budget for the operation of Atlantic Christian College for the current college year totaling \$778,575, was approved by the institution's Board of Trustees at a meeting held this week.

The revised budget showed a \$22,500 increase over the proposed record budget submitted to the board last spring for its approval. Dr. Arthur D. Wenger, ACC President, said the budget was revised upward to take care of an increase in students over the number that was originally planned for the current semester.

In further action, following a recommendation from the executive committee, the board voted to expend an additional \$46,600 to increase faculty salaries three percent for the current year, to purchase furnishings for the new men's dormitory now under construction, to replace some kitchen equipment in the college cafeteria, to grade and develop land that

will be used for outdoor physical education facilities at the college, and to remodel Caldwell Hall, a dormitory now being used for men students that will be used next year for women students.

Later the board approved a recommendation from its executive committee instructing administrative officials at the college to begin immediately to formulate a program of building needs for the next 10 years. The action instructed the administration of the college to submit the plan to the board at its next meeting for action.

This action was taken following a report from Dr. Wenger in which he said preliminary study indicates that the college needs a new women's dormitory to house about 100 students, a music and art classroom building, a physical education plant, an auditorium, an expansion of its library facilities, an expansion of its science facilities,

## Executive Board Plans To Present 1959 Budget

By RALPH MESSICK  
Collegiate Co-Editor

The proposed budget of the Atlantic Christian College Cooperative Association will be presented to the student body at an assembly to be held next week. At this time students will be able to examine the budget and voice their opinion of it. Approval or disapproval of the budget hinges upon the students' vote.

This year the Executive Board made an exceptional effort to balance the total amount of money allocated to the various organizations with the sum of money that the Board had to work with. In order to accomplish this goal the committee set up by the Executive Board found it necessary to cut some of the requests submitted to it.

Organizations that had their requests cut were the Stage and Script, the Collegiate, the Assembly and Concert Committee, and the Campus Christian Association. Stage and Script submitted a budget for \$1585; this was cut to

\$1200. The Collegiate submitted a budget for \$2400; it was cut to \$2200. The Assembly and Concert Committee requested \$1825 and was granted \$1450. The Campus Christian Association requested \$1825 and received \$975.

Other organizations included in the budget were granted their requests. These are the Pine Knot which received \$5452.82, the Social Committee which received \$500 and the Bohunk, \$1000.

In previous years the budget for the Bohunk was much lower than it is for this year. Everett Bryant, vice - president of the Cooperative Association and chairman of the budget committee explained the reason for this increase in the following manner: "The Executive Board felt that activities in the Bohunk should be expanded because it is the central meeting place on the campus. We also wish to point out that the Social Committee took a sizable cut in order that this activity might be increased. We hope that students will take advantage of the improve-

ments being made to the Bohunk program."

The budget was figured on the basis of 975 students, each paying \$14. plus \$1 per student to be divided among the four classes. The total amount of the Executive Board's working capital was \$13,550. Of this money, \$766.18 was left for the Emergency Fund.

Concerning this money left in the Emergency Fund Bryant said, "The Emergency Fund's main function is to make up for further needs that the organizations may have during the year."

Bryant also made the following statement: "It was not the wish of the Executive Board of the Cooperative Association to cut the organizational budgets merely for the sake of economizing. But since our portion of the student activity fee represented a total smaller than that of the submitted budgets, this action was necessary."

The members of the Executive Board also announced that this budget is being presented to the Cooperative Association with the recommendation for its adoption.

## Greeks Will Issue Bids To Prospects On Monday

"The Inter Fraternity Council requests all freshmen and transfer students to make a special effort to check their mail boxes on next Monday," Sammy White, president of the IFC, announced today.

This is the day that all fraternity and sorority bids should be received by the new students.

The receiver of the bid has the privilege of accepting or rejecting the invitation to membership in the social group. Instructions on the bid will explain to the student the procedure for response. White added that the prospective pledge has until next Wednesday at 5 p.m. to either accept or reject the bid.

White said that IFC will follow the procedure that was inaugurated last year for the sending of

bids. Prior to last year bids were sent out by the fraternities and sororities with no uniformity in procedure. Last year a uniform bid program was adopted. In this system all bids are printed identically. The only difference is in the colors attached. White said that this system prevents the student from choosing a fraternity or a sorority because of the beauty of the bid.

"If during the next week you notice that fraternity or sorority members seem to be 'snubbing' you," White added, "it is because they are observing the 'quiet period.'" The IFC rules state, "From Monday morning until Wednesday at 5 p.m. quiet days will be observed. This means that each fraternity and sorority member is pledged on his honor not to discuss with potential pledges any matter which might influence their decision concerning pledging." The IFC is attempting to gain a better response from the Greeks on this

## United Campaign Held On Campus

Plans for the current United Fund Drive on the campus of Atlantic Christian College were discussed by the Executive Board at its regularly scheduled meeting held Monday night in the Disciplinary Room of the Library.

Bobby Dunn, president of the Cooperative Association, recommended to the Executive Board a plan to reach all members of the Cooperative Association for the United Fund. The board agreed to follow Dunn's recommendation. The plan was put into practice this week.

### Other Business

In further business, the Executive Board decided to present the proposed budget of the Cooperative Association to the student body next week. At this time, members of the Executive Board will explain the distribution of the student activities fees to the members of the Cooperative Association.

### Calendar

Sunday, October 25

Delta Sigma Phi parents and visitor's day.

Tuesday, October 27

Freshmen and Seniors — Cooperative Association meeting in Chapel.

Sophomores and Juniors, free Faculty piano recital — chapel — 8 p.m.

Thursday, October 29

Sophomores and Juniors — Cooperative Association meeting in chapel.

Freshmen and Seniors — free

Friday, October 30

Dance sponsored by Sigma Pi Fraternity.

## Concert By Featherstone Set For Tuesday Evening

On next Tuesday evening, Gene A. Featherstone, member of faculty of the Music Department will be presented by the department in a formal piano recital, the first in its series of programs for the current season. The recital, which is to be presented in Howard Chapel at 8 o'clock, will feature selections from Mozart, Franck, Debussy, and Prokofieff.

Mr. Featherstone, who joined the faculty of Atlantic Christian this

year, has studied under the direction of Emil Danenberg and Jack Radunsky at Oberlin Conservatory of Music, Oberlin, Ohio. There he earned the Bachelor of Music Degree with a major in piano and organ. Continuing his study at the Florida State University School of Music, he earned the Master of Music Degree this past summer.
