On Thursday night, the historical Jesus will be studied through paintings and through photographs of the Holy Land.

After each evening program, discussion groups will be conducted, during which students may express their opinions and questions regarding what they have just seen — or questions which may have occurred to them during the morning worship service.

Social events will round out the evening, conducted in the dining hall. Monday night will witness a special event — a competition between fraternities and sororities for the "wackiest hat." Wednes-

### Exec Board Hears Cafeteria Plans; Peace Corps, Trophy Discussed

By GUY MILLER

At the Executive Board meeting on March 27, Dr. Arthur Wenger and Mr. Milton Adams presented a report from the special committee studying the college's cafeteria situation.

Mr. Adams outlined four possible options as the committee sees it. The opinion was expressed that probably one of these options will have to be instituted next fall.

A possible change from the present system would be to bring in an outside food service to manage the cafeteria. Under such an arrangement, resident dormitory students would be charged a flat meal fee for the semester. Such a fee, it was estimated, would be approximately \$350 or \$360 a year.

A second alternative would be for the college to continue management of the cafeteria and charge a flat fee such as that described in the preceding option.

Option number three as outlined by the committee would put into effect the system used previous to the current one. This procedure would have a minimum semester meal fee charged to the student, and the student would be given tickets for that amount. If such were not sufficient to last the individual for the semester, he would be billed extra for additional tickets.

The fourth option presented for consideration is that the cafeteria continue to operate on the same basis as it does at the present.

The Executive Board has requested that student ideas and suggestions concerning these options be passed on to the Board.

Dates for forthcoming campaign speeches, nominations, and elections have been determined.

Campaign speeches for the office of president of the Cooperative Association will be held on April 25 and 27. Election for same office will be conducted on May 1 and 2. Nominations for class officers are to be made on May 2 and 4. Election of class officers and various other student body officers will take place on May 8. Installment of all officers is scheduled for May 11.

The Administrative Council has

issued its decision on the handling of the Bo-hun-kus trophy. The council decided the Bucket should be in the hands of the students and has ruled that future presentations of it be made by the host student body president to the student body president of the winning team at the conclusion of the respective games.
