

Versatile Dick Ullom Is Second Outstanding Senior

Versatility is the word that most often comes to mind when Dick Ullom is mentioned. He has been outstanding in many types of activities and phases of campus life.

As a freshman, he worked on both the class float and the class dance. Since then he has worked on every float for his fraternity and has become the most sought out consultant

on lighting for dances. He pledged Sigma Phi Epsilon his freshman year, and has been an active member ever since.

During his sophomore year, Dick was a charter member of the newly organized Circle K. Subsequently, he was elected secretary. His fraternity chose him as historian, a post which he held for two consecutive years.

His junior year he was a member of the track team. He was chairman of the bandstand committee for an Interfraternity Council dance. This was his third year as a Collegiate staff member, which rounds out the picture of the variety of his talents. He was not, however, too busy to make Dean's List both semesters of this year.

This year, Dick is an officer in many organizations. He is vice president of the Interfraternity Council and pledge trainer of his fraternity. He is chairman of the Cooperative Association Social Committee, and was chairman of the Interfraternity Council - Cooperative Association dance held in the fall. He was overall chairman of Rush Week. He maintains his service in athletics by serving as scorekeeper for the baseball team and assistant student intramural chairman.

Dick has served on Freshman Orientation. He had the highest scholastic average in his fraternity one semester. This year from the national headquarters of Sigma Phi Epsilon, he received the zulysses S. Grant Dubank award for showing the most improvement in scholarship.

Originally from Steubenville, Ohio, Dick and his family now live in Ft. Lauderdale, Fla. Dick is majoring in religion, and minoring in physical education and sociology. He plans to attend graduate school probably at Florida State.

Point System

(Continued From Page One)

counting, Student National Education Association, Physical Education Club, English, Circle K, Young Democrats, Young Republicans, and other Greek letter officers, 3 points; All other officers 3 points; Membership excluding president in each organization except Student Association, Campus Christian Association, classes; 3 points. Membership in honorary organizations such as Sigma Pi Alpha and the Golden Knot will not be counted towards the accumulation of the thirty points minimum.

It will be the responsibility of the president of each organization to prepare a list of the officers and members of the organization. These lists are to be given to the Day Student Representative by October 1st.

Government Jobs Open To Those Who Take Test

Uncle Sam is looking for nearly 20,000 promising people from among this year's college graduates to maintain important continuing public services and to staff vital new space-age activities of the Federal Government. These varied career opportunities are described in the 1962 Federal Career Outlook Letter to college students, from Civil Service Commission Chairman John W. Macy, Jr.

Copies of the letter are being sent by the Civil Service Commission to placement officers in all 4-year colleges.

"The career outlook in Government this year is excellent," Chairman Macy declares in the letter, urging college students to consider the Federal Government as an employer and citing a wide range of "challenging career opportunities" in the Federal service.

About 45 Federal agencies this year will hire some 10,000 new employees in 60 different work fields through the college-level Federal-Service Entrance Examination alone, Chairman Macy said. In addition, more than 4,000 new engineers and about 2,000 graduates in physics, chemistry, mathematics, and other physical science specialties are needed, he said. The Government also has need for about 4,000 new employees in such fields as accounting, auditing, and library work.

Graduates who qualify for appointment under the Federal-Service Entrance Examination generally begin at salaries of \$4,345 a year, he said, but outstanding candidates can qualify to start at \$5,355.

Those who qualify in the F.S.E.E. and pass an additional test for Management Intern may begin at \$5,355 or \$6,435 a year, depending on test scores and academic standing.

The F.S.E.E. will be given one more time before graduation. To take the test May 12, candidates must file application by April 26. The Management Intern test, given only in October, November, January and February, is not scheduled to be given again this school year.

No written test is given for engineers. Their ratings are based on training and experience. This rule applies also to graduates in physics, chemistry, mathematics, other physical science specialties, accountants, auditors, and foresters.

ACC Victory

Atlantic Christian received the victory laurels for the first time in two years Monday in a 5-2 victory over Elon College in a Carolina conference contest at the new ACC courts.

Jimmy Rogers, Dallas Taylor and Herbert Ward Acc champions captured the three singles and both double matches for the Bulldogs. Atlantic Christian now is 1-3 for the season, Elon 1-1.

Play

(Continued From Page One) who have just returned from their honeymoon. Ibsen's Hedda is one of the most carefully wrought characters in all the history of the theatre.

The chairmen of the committees are as follows: Properties, June Burwell; Lights, Randy Ratterree; Costumes, Mary Lu Webb; Scenery, Guy Miller; Publicity and Programs, Bob Lindley; Stage Manager, Jeff Kilpatrick; Assistant Stage Manager, Sue Sorrell. The settings and decoration have been designed by Bob Lindley.

This is the final Stage and Script production under the direction of Mrs. Holsworth. She is retiring in May and joining the Peace Corps. So, if you hear about play production sponsored by the Peace Corps in outer Mongolia, you can bet that Mrs. Holsworth, or "Duchess" to us, will have her finger in it.

Remember the dates, as the Collegiate won't come out again to remind you: May 2 and 3, Wednesday and Thursday nights, at 8 p.m. in Howard Chapel.

Changes

(Continued From Page One) with her family.

Robert C. Hope, assistant professor of science, will be accepting a similar position at Marietta College, Ohio.

Accepting a position at Campbell college, Buies Creek will be Ronald W. Hyatt, instructor in physical education at ACC.

Gene A. Featherstone, instructor in the department of music, will be doing further study at Julliard Academy in that field.

Working on his doctorate in social science the University of North Carolina will be Parker Wilson, assistant professor of history at ACC.

Track Meet
