

Exec Board Holds Meet

The Executive Board held its regular meeting Monday night in room 212 of the Classroom Building. Several pertinent campus issues were discussed among them, WACR and Christmas vacation.

Jerry Leach, station manager of WACR, reported to the board on the closing of the campus radio station. He stated that if the station had continued to operate the remainder of the semester it would be under illegal conditions. The station will have to remain closed until arrangements can be made to install a closed circuit system at a cost of \$450. The board will take action on the situation pending further investigation.

President Maurice Belanger read a letter received from Dean Swinson concerning the shortened Christmas vacation. Dean Swindell had been asked by the board to present to the Central Committee of the College questions which had arisen concerning the Christmas vacation. The letter stated that to lengthen the Christmas Holidays might have ill effects on the forthcoming examinations which will determine the continuation of accreditation for Atlantic Christian.

Arnold Nilsen, Jr., student chairman of the Concert and Assembly Committee, reported information concerning the "Four Preps Concert." He reported that about one-third of the total cost of the concert had been paid for by ticket sales, and that it would be feasible to have another large concert during the Spring semester.

Janice Lamm spoke to the board about the "College Bowl" which is to be held among small colleges in North Carolina. She stated that information would be posted on campus so as to give interested students a chance to participate in the contests.

Robert Royall, National Student Association Co-ordinator, moved to send a delegation of 15 to the NSA Fall Regional which is to be held in Raleigh on Nov. 15 and 16. The motion was passed by the board.

Dean of Women, Miss Sarah Bain Ward, spoke to the board concerning the student roster. She commented that in the past rosters have been supplied to businesses upon request. Robert Royall moved to recommend to the Office of Student Life that Student rosters be sold to interested firms which have been screened by the Office and that the money be put into the building fund. The motion was passed by the board.

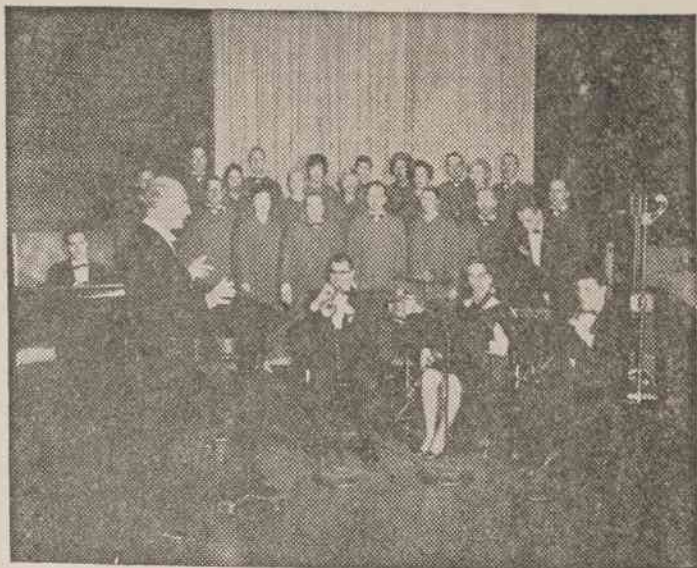

Eloise Reel was appointed by President Belanger to look into the complaints concerning library hours. It has been reported that there was dissatisfaction on campus because of the Library hours being too short.

College Bowl Series Scheduled For Area

A "College Bowl" series similar to the General Electric television program has been scheduled for this year by the North State Student Government Association. The Association is composed of ten small colleges in North Carolina, Atlantic Christian, Elon, Catawba, Guilford, St. Andrews Presbyterian, Pfeiffer, Western Carolina, High Point, Appalachian and Lenoir Rhyne. The purpose of the "College Bowl" is to encourage academic competition among the ten schools and to familiarize college students with NSSGA.

Atlantic Christian is scheduled to compete against St. Andrews Presbyterian in the first round. The dates for the first round contests are November 20th and 26th. One contest will be held on each campus. There will be three additional rounds during the academic year, the final round to be held at the NSSGA Spring Conference at which time a "College Bowl" plaque will be awarded to the winning school.

Atlantic Christian students who

are interested in participating as either a team member or alternate are asked to leave their names, addresses, and telephone numbers with Mr. Purcell (Religion and Philosophy Department) who has agreed to serve as faculty advisor, or with his secretary and to do so immediately. Since the first round dates are so near at hand, the team members must be named immediately in order for them to make the necessary plans.

Participation involves the presence of each member at each contest (the first two are scheduled for school nights) and traveling to other campuses; however, all expenses incurred by participation in "College Bowl" activities will be paid for by the Executive Board fund. Although the responsibilities of the team members are heavy, the "College Bowl" offers students an opportunity for individual academic recognition as well as for representing our campus in a worthwhile project.

Questions to be used were composed at a recent meeting of NSSGA member school professors. Each contest will consist of two twenty-minute sessions with a short break between them. Additional contest rules provide for an extensive scoring system. The winning team will be determined by the accumulation of points from all the contests.

If you would like to be a member of the Atlantic Christian team in these contests, remember to leave your name, address, and telephone number with Mr. Purcell before noon Monday, November 11. You will be contacted about the development of the "College Bowl" within a few days thereafter.

Music Club Begins Second Year At AC

The Atlantic Christian College Music Club was formed in the spring of 1963 by interested students. The Club wishes to reveal to its members the joys of music; and through this point of common interest to make the faculty and students more of a "family" unit; and to make this "family" known to the rest of the school.

Trustees Discuss ACC Integration

The Board of Trustees of Atlantic Christian College at its annual Fall meeting took steps to expand its plant facilities, made plans for changes in the college's charter, granted salary increases to faculty members teaching in summer school and approved a revised operating budget for the current school year.

Upon recommendation of its Building Committee, the trustees authorized the administration to engage the services of an architect to draw plans for a new physical education plant and an art facility. It is expected that plans will be ready to put out for bids by the Spring of 1965 provided that funds are available at that time.

The board asked a special charter committee to prepare a resolution deleting from the college's charter a clause prohibiting admission of non-white students. Action on this formal resolution will be taken at its midwinter meeting. The proposed change in the charter must be ratified by the State Convention of Christian Churches before it can become effective.

A boost in salaries for faculty members teaching during summer school sessions was also given approval by the board. The pay increases will amount to five to 39 per cent and will become effective with the summer session of 1964. This is the first increase in summer school teaching salaries at Atlantic Christian since 1959.

A revised budget amounting to \$1,118,200 for the 1963-64 school year was also approved by the trustees. The revised budget provides for a supplementary allocation for library books and periodicals.
