NUMBER SIX

## Address Given By Rep. Fountain

By DWIGHT WAGNER

Representative L. H. Fountain spoke Tuesday night at Atlantic Christian College in Howard Chapel. He was here at the request of the Y.D.C., and said that he was glad to have the opportunity to speak to the students.

In his speech Rep. Fountain stressed the responsibilities that citizens have in making the best government possible, and the fact that young people are becoming more and more active in politics.

He went on to point out that politics and the parties are what we the people make of them, and that government is good or bad in proportion to the good or bad people who take an interest in it. He said that we have to be active in government all the time in order to avoid the take over by the few. He hoped that students would continue to participate in politics, but that they should always be honest, to hit hard, but to always be fair and clean.

In his finishing remarks Fountain said that we are living in a dangerous time when we must be strong and use wisdom in the handling of nuclear weapons, and that President Johnson was such a man who could do this. He concluded by saying that the strength of America resides in the hearts and spirits of Americans and will never leave us with the continuance of Christian education.

There was one feature of Rep. Fountain's visit which reflected very poorly on Atlantic Christian College. This was due to the lack of students who attended. If we can say that an audience of about forty students is proper for the visit of a U. S. Congressman then we are indeed in a sad situation. It is not without significance that the very things Rep. Fountain said we must do, were so obviously rejected by A. C. students. The apathy surrounding these things, such as being informed, and taking an interest in government must be overcome by A. C. students if we are to be the "good citizens" who decide the fate of America.

## Students, Faculty Pick Dan Moore, Lyndon Johnson In Mock Election

By ELWOOD VANN

The mock election may be recorded as quite a success, not only for the Democrats, but also for the Junior Class which sponsored the event.

THE WINNER—It isn't this donkey, but the Y.D.C. and Betty Brinson thought that a real live symbol of their party might be just the trick needed to bring victory to LBJ. Wonder what he thinks of all this?

President David Webb and other members of his class, who invested much time and energy, are to be congratulated for the stimulation of campus interest in state and national political affairs.

The participation in the election was evidence of the significant part played by the YDC and the YRC. A total of 856 persons cast their ballots during the two days the polls were open.

In the battle for governorship of North Carolina, Dan Moore led with 465 votes. Robert Gavin ran a close second with 367 votes. L. Richardson Preyer slipped through with 4 write-in votes. Our own Dr. C. H. Hamlin was also a write-in.

The results of the competition for President and Vice-President was more decisive than that for governor of N. C. Johnson and Humphrey had an easy win with 514 votes as compared with 342 Goldwater-Miller votes. A notorious Alfred E. Newman received one write-in vote for President.

Larry Carroll, president of the YRC, commented on the results of the elections to the Democrats on the hard-earned victory. The YRC will keep striving for the November 3rd election of Barry Goldwater and Bob Gavin."

Paul Donnelly, president of the YDC, reports that, "We are very happy. I am sure that we could not have won had not the YDC members contributed so freely their time and efforts. Thanks especially to Gordon Mercer, Kirk Kembro and Bob Hardister whose ideas were invaluable. We must not stop until our victory celebration next Wednesday night."

## Student Life Committee Forms Written Procedures

A meeting of the presidents and Men, the Dean of Students, and the social chairmen of all campus organizations was held on campus Tuesday, October 27, by Dean Robert E. Bennett, who is Chairman of the Student Life Committee.

The purpose of this meeting was to inform the organizations of the Student Life Committee's newly printed procedures which are to be followed by all organizations in scheduling college functions. Generally, the Student Life Committee presentation merely clarifies and gives order to the procedures which have been recommended in the past.

All college sponsored functions are to be registered with the Dean of the College. Information concerning the function is submitted on a social form obtained from the Dean of Women. This form must be returned to the Dean of Women at least seven days prior to the event.

The form requires the approval of the Dean of Women, the Dean of

## Exec Board Hears Several Reports

Gina Allen, Senior Senator, opened Monday night's meeting of the Executive Board with a report on the meal book situation for student teachers. In a conversation with Mr. Milton Adams, Business Manager, Miss Allen was informed that since the student teachers spend one sixth their time off campus one sixth of their meal book cost is deducted which leaves the total charge at

\$100. Dean Bennett reported that only limited action was possible at this time with regards to the telephone situation in the dormitories.

He said that on the present telephone system only one additional phone can be added, and that it is felt that priority should go to Harper Hall if an additional phone is installed.

David Webb, Junior class president, moved to amend the rules of procedure in describing the duties of the corresponding secretary. The change made would allow any member of the student body, and not just a member of the Executive Board, to hold this position. He pointed out that this would give students more of an opportunity to work with the government. The motion passed.

Yates Miller, freshmen president, moved that a committee be appointed to investigate the cutting up in line in the cafeteria. A motion was made to table Miller's motion until the next meeting of the board in order that reports from last year dealing with this matter could be investigated.

Brent Hill reported that James Cobb had informed him that the "Swingle Singers" from Paris, France, would be able to appear at AC in early November at a reduced fee. Gina Allen moved that the board underwriting \$1,000 of the \$1,250 fee. A motion was made to table the matter until the next day when a special meeting would be called after further investigation.

HONOR GROUP—Above are 15 of the 18 students who were inducted into The Golden Knot Honor Society last Tuesday morning. The students were inducted into the Society after meeting the specified requirements which stressed more than academic excellence, but also emphasized outstanding moral character, and constructive leadership.
