Dr. Hamlin Is Given Award

Last Tuesday night Dr. C. H. Hamlin, professor of social studies at ACC, was presented the Service to Mankind Award by the Wilson Sertoma International, a local civic club. This is the highest honor the club may bestow.

The award was given "in recognition of an unflinching participation in every worthy human cause; of a lifetime devoted to bettering human relations among men of every creed and color; and of a long career in teaching and writing which have made history and political responsibility living issues to generations of students."

Dr. Hamlin was born in Burkeville, Virginia, and received his A.B. degree at The College of William and Mary. Earning his Masters at the University of Virginia, he continued his formal education at George Peabody College for Teachers where he earned his Ph.D.

Dr. Hamlin taught at Culver-Stockton for five years. Now semi-retired, he has been a member of ACC faculty for 39 years. He was

HOBBS SCORES—Elmer Hobbs, behind Gerald Smith, 41, is shown above scoring two of his 17 points in last night's contest with the East Carolina Pirates. Bulldog number 24 is Bill Tice getting set for the rebound. The Pirates built up an early advantage and were in command of the game all the way with the final verdict standing at 107-96. The Bulldogs play Pfeiffer College here on January 5 to begin the 1965 season.

Students On Cafeteria Committee

Four students were chosen at Monday night's Executive Board meeting to participate on the Col-

lege standing committee on Cafeteria affairs. The students chosen are Elwood Vann, Fred Barber, Patsy McCarroll, and Lyn Head.

Caroling Here

Tonight will be a big one on the AC campus. The campus-wide celebration of Yule will begin at 7 p.m. in the Recreation Room of Harper Hall. From here AC students who wish to attend will start their annual round of Wilson, singing Christmas Carols.

After the singing is over all students are invited by the Hackney Hall Dorm Council to a dance in the lobby of Hackney. The dance will last until 11 p.m. Refreshments will be iced drinks and cookies, music will be by juke box, tree decorations will be by the Hackney Dorm Decoration Committee. Everyone should try to attend if for no other reason than to see Dean Washer Cha Cha with Miss Daniels.

The delegation which attended the NSA Conference at Duke reported to the Board on the work that was done at the Conference. Reports given dealt with student services offered by NSA, community affairs, academic affairs, and international affairs.

David Webb, junior president, made a request as to why the "Supremes" would not be allowed to appear on campus. Dean Bennett said that Dr. Wenger has requested that the situation be referred to the Concert and Assembly Committee. Dr. Wenger made this request through an interpretation of a section in the By-Laws of the Faculty Manual which gives jurisdiction over all concerts and assemblies to the Concert and Assembly Committee. It was reported that the Concert and Assembly

Art Auction Success

Approximately \$650 has been collected by the ACC English and Art departments for the purpose of financing the publication "Crucible," reports Russell Arnold, chairman of the ACC Art department and co-editor of the magazine. Dr. Mildred Hartsock, chairman of the English department, is also co-editor.

The funds were obtained as a result of a "highly successful" art auction held last Thursday night and the magazine sales.

Sales thus far have "been disappointing" according to Arnold. Only about 150 "Crucibles" have been purchased.

The Spring edition of the publication is expected to come out around May 1. The deadline for submitting material for publication has been set at March 1.

Anyone may submit drawings, articles, photographs, or any such material to Dr. Hartsock or Mr. Arnold.

DR. C. H. HAMLIN

Tempers Flare Technicals Called Players Ejected

By BRENT HILL

There was no joy in ACC-Ville last night. The Bulldogs had lost to the East Carolina Pirates 107-96.

The big guns for the Pirates were Robert Kinnard, Jerry Woodside, and Grady Lee Williamson who scored 29, 28, and 23 points respectively.

As is expected in almost any tense rivalry tempers flare and occasionally a fist goes searching, accompanied by a few uncontrollable remarks. This was the case last night as several players were ejected from the game and a number of technical fouls were called. This is regrettable but it is in most cases a prevalent characteristic in games of this nature.

The Bulldogs were never in the game from start to finish although the team appeared to catch fire in the closing minutes.

With 2:45 to go in the first half the 'Dogs trailed by 20 points 48-28 and at halftime were behind 55-38.

With 7:55 to go in the final chapter the Pirates had a commanding 30-point advantage at 91-61. In less than six minutes the 'Dogs bucketed 26 points while holding the victors to 15 points and with 2:10 remaining in the ball game the losers were behind 106-89, a difference of 17

Alton Hill led the 'Dog's scoring with a total of 23 tallies. Elmer Hobbs and Larry Jones were next with 17 and 13 respectively. Don Ramsey who poured in 27 points in last Monday's contest was dismissed by the officials early in the first half.

The Atlantic Christian team was again weak on the foul line missing 12 out of 34 attempts for a .647 average.

The ECC tilt ended the 1964 season for the 'Dogs who meet Pfeiffer College here on January 5.

Writer Hurt

Clinda Diane Tunnell, ACC freshman coed, suffered a fractured collar bone last Monday in an automobile accident.

Bowling, who was charged with failure to stop for a stop sign, was quoted as saying his foot slipped off the brake.

Miss Tunnell is writer of "Collegiate Spotlight" and was unable to submit her article to The Collegiate this week.

TOYS FOR NEEDY—Scores of toys have been collected by members of the ACC Freshman Class as a part of class-sponsored Christmas project. The toys will be given to a nearby "needy" family. In addition to the toys a nominal sum of money has been contributed by ACC students, local merchants, and friends. Chairman for the project is John Gorham.
