Constitution Revision To Be Presented

By DWIGHT WAGNER

Copies of the newly proposed Constitution and By-Laws will be presented to the student body at a Co-Op meeting on February 2. This Constitution will then be discussed and voted upon a few days later. If it is approved it will conclude a long effort to improve this document.

Three years ago it became evident that the present Constitution was inadequate. It had been originally designed to serve a student body of 500. By that time the enrollment was up to 1200, and today it is 1300. In November of 1963 a Constitution and By-Laws Committee was formed to revise the Constitution. Shortly thereafter letters were sent to all the schools in North Carolina and surrounding states asking for a copy of their Constitution. From this material and other features the committee presented on April 20, 1964 a rough draft of the new Constitution.

On this committee were Maurice Belanger, Cookie Wickham, Rex Horne, Dean Robert Bennett, and Oden Lathom. They have received much credit from the Executive Board for laying the foundation of the present document.

With the resumption of the present academic year the Constitution and By-Laws Committee has continued to work in order to establish the present Constitution. Meeting approximately twice a week the committee has spent many hours refining this document. On this committee have served, Lee Horne, Richard Surles, Gordon Mercer, Dean Robert Bennett, Cookie Wickham, Stuart Lee, Hubert Burden, and Dwight Wagner.

Fair To Offer College Exhibit

Hailed as the "Star of the Show" at the World's Fair, the New York State Exhibit, which this year featured over 67,900 performers from over 1,800 New York non-professional community groups, is inviting college organizations throughout the United States to appear in the Exhibit's huge "Tent of Tomorrow" during the 1965 season of the Fair (April 21st to October 17th, 1965).

College bands, orchestras, choirs, glee clubs, quartets, drum and bugle corps, drill teams, gymnastic teams, combos, hootenanny groups and virtually all types of college group performances are invited to perform as part of the Special Events program in the mammoth "Tent of Tomorrow." Over 60,000 people witness performances each day.

College organizations wishing to perform are asked to contact the Director of Special Events, New York State Commission on the World's Fair, 1270 Avenue of the Americas (Room 304), New York, New York 10020.

The New York State Exhibit also includes three observation towers—one of which at 226 feet is the highest point at the Fair. Over 12,000 visitors per day ascend to its observation platform in high speed capsule elevators rising on the outside of the column.

The final component is the Theaterama, where a 12-14 minute, 360 degree motion picture on New York State as a place to work, live, study and play is shown.

SDS March

(CPS) — The Students for a Democratic Society (SDS), a national student educational and social action organization, is sponsoring a student march on Washington in April to protest American involvement in Viet Nam.

The march is set for April 17, so that it will coincide with Easter vacations which is a traditional time for peace oriented demonstrations.

The Society said it is protesting the "untold injury" the war is producing to the Vietnamese people, and the atmosphere it is creating in America "in which the government continually deceives the public and decision making becomes further removed from public control."

Day, Feb. 6. Dr. Arthur Wenger, ACC president, will crown the Queen.

Candidates for the honor will be representing four fraternities, three classes, three sororities and two dormitory associations. The winning candidate and her court will be presented at half-time at the ACC-Pembroke basketball game.

The Queen will attend the Alumni Luncheon as an honored guest at Hardy Dining Hall at 12:30 o'clock

Fund Drive

BERKELEY (CPS) — The University of California's Free Speech Movement has launched a drive to raise money to pay the legal expenses of 800 students arrested last December during a demonstration protesting the schools regulations restricting campus political activity.

The University's faculty had raised \$8500 in bail money when the students were first arrested, but the Free Speech Movement said additional money was now needed to help defer legal expenses. So the Movement is calling on students across the nation to help raise it.

At the same time, it called on students on other campuses to write letters to California Governor Edmund G. Brown and the state legislature supporting the demonstrators.

AC Students Are Planning For SSL Meet

By ELWOOD VANN

During February 18th and 20th the scene at our old State capitol building will be dominated, not by greying, elderly statesmen, but by young, serious-minded students from various colleges throughout North Carolina, each eager to test his ability to manage the gears of government.

There is no cause for alarm. The scene is replayed each year as the State Student Legislature takes command of the old Capitol in a mock session complete with senators, representatives, lobbyist, general supporters, legislative bills, propaganda materials, and much enthusiasm, all being furnished by colleges from across the state.

With these "raw" materials the State Student Legislature hopes to fulfill its purpose — to give students first-hand instruction and experience in governmental processes and procedures.

The experience gained at such a gathering will reflect in better governmental leadership in the schools represented and will develop better quality citizens through a better understanding and respect for governmental procedures.

Although this will not be ACC's first year to be represented at the assembly, in past years ACC has not sponsored a bill for consideration by that body.

The image of ACC as a participating member of the S. S. L. will be greatly enhanced by the presentation of the Sweeny-White Fishery Bill in February. The chances of passing this bill through are good, since it is a worthwhile, well researched, and skillfully written one.

Official delegates representing ACC are: Senators David Webb and Stuart Lee; Representatives Dwight Wagner, Cookie Wickham, and Elwood Vann. David Webb and Dwight Wagner are to be commended for the quality of the bill. The confidence in the bill is based upon the results of their outstanding personal application and leadership in making the bill a reality.

Atlantic Christian will be represented in force. Approximately eleven supporters will accompany the official delegates to Raleigh and will be active in gaining support for the Sweeny - White Fishery Bill.

Many methods of publicizing the bill will be employed. Past state newspaper articles supporting the text of the bill will be reproduced and distributed. Pins with the inscription "ACC likes Fish." will be distributed to arouse interest. Letters will be sent to other schools participating in the event in an effort to inform and win support for the bill prior to the actual gathering.

Many students do not realize the influence the passing of a bill through this body can have. Bills passed by the S.S.L. are considered for action by the North Carolina Congress. A copy of the bill is being sent to members of the N. C. legislature from the Wilson district.

ACC and many throughout the state, who will be personally affected, will be viewing the course of the Sweeny - White Fishery Bill with much concern. The Wilson
