NUMBER TWO

Plans For New Buildings Revealed

New Budget Approved By Exec Board

A Cooperative Association proposed budget of \$24,247.56 was approved by the Executive Board Monday night at their weekly meeting.

Elwood Vann, treasurer, introduced the proposed budget and it was approved in the following form: Bohunk, \$201.19; Campus Christian Association, \$1,175.00; Cheerleaders, \$200.00; Freshman Class, \$167.15; Sophomore, \$177.90; Junior, \$391.73; Senior \$510.19.

Also, Collegiate, \$4,006.29; Entertainment Committee \$2,218.73; Concert and Assembly Committee \$2,760.00; Executive Board \$2,913.24; Pine Knot, \$7,006.12; Social Committee, \$668.67; Stage and Script, \$1,961.35; with a total of \$24,247.56.

Dr. Wenger reported to the board that the Concert and Assembly Committee had been left intact as to the number of people on the committee. This committee was formerly part of the Cooperative Association but starting this year it has become a committee of the college. Dr. Wenger also stated that 40 per cent of the committee's funds would be used for popular entertainment and that 60 per cent of the funds would be used for serious entertainment.

Under new business, Larry Pooe, president of the Men's Dormitory Association, moved that \$135 be taken from the Campus Christian Association and given to Stage and Script. This motion was made following a report on Stage and Script from Cecil Willis of the English department, who stated that extra funds might be needed for unforeseen circumstances. The motion passed 10 to 7.

Dean Bennett reported that considerable theft had been taking place in the form of stealing textbooks. He recommended that the board examine the whole area of fair conduct.

IT ONLY HURTS A FEW SECONDS — Flu shots are well worth the trouble and it's a lot better than a long stay in bed. "See, there is nothing to it," says Martha Hall as she gets her shot above. Nurse Francis Griffin is a real artist with the needle and does an almost painless job. Be sure to drop by the infirmary today and get yours. They are only 50 cents. (Photo by Gene Duncan)

Flu Outbreak Curtails Weekend Social Activities On ACC Campus

The flu bug "bit" 75 victims on campus during a three-day period last week. Of the 75, two were admitted to the hospital and a number of students from nearby towns were sent home.

One college physician, noting the trend, notified the administration that it was necessary to report it to the Wilson County Health Department and, in turn, the administration should get in touch with the Health Department. At that time Dr. Campbell, county health official, advised Dean Bennett that it would be in the best interest if all unnecessary activities, particularly non-class, be curtailed until it could be determined if it were the beginning stages of a flue epidemic. According to Dean

Bennett, cancellation of all assemblies and student activities was made at their (Wilson County Health Department) request.

Dr. Campbell was quoted as using the term "over the hump" when describing the situation Tuesday of this week. Only four new cases were reported Monday and Tuesday, and activities

Danforth Group Seeks Applicants

Inquiries about the Danforth Graduate Fellowships, to be awarded in March, 1966, are invited, according to Dr. Margaret Newton, professor of chemistry, the local campus representative.

The Fellowships, offered by the Danforth Foundation of St. Louis, Missouri, are open to men and women who are seniors or recent graduates of accredited colleges in the United States, who have serious interest in college teaching as a career, and who plan to study for a Ph.D. in a field common to the undergraduate college.

Applicants may be single or married, must be less than thirty years of age at the time of application, and may not have undertaken any graduate or professional study beyond the baccalaureate.

Approximately 120 Fellowships will be awarded in March, 1966. Candidates must be nominated by Liaison Officers of their undergraduate institutions. The Foundation does not accept direct applications for the Fellowships.

Danforth Graduate Fellows are eligible for four years of financial assistance, with a maximum annual living stipend of \$1,800 for single Fellows and \$2,200 for married Fellows, plus tuition and fees. Dependency allowances are available. Financial need is not a condition for consideration.

Danforth Fellows may hold other fellowships such as Ford, Fulbright, National Science, Rhodes, Woodrow Wilson, etc. concurrently, and will be Danforth Fellows without stipend until the other awards lapse.

The Danforth Foundation, one of the nation's 10 largest educational Foundations, was founded

are to be resumed at a normal pace.

When school activities were cancelled the Cooperative Association was forced to postpone the back-to-school dance scheduled for last Friday night and lost a deposit of \$40 on the band. Because the circumstances were beyond its control, the college is going to reimburse the association.

It was reported that 135 students received flu injections last week. Although the short-lived epidemic seems to have been checked at present, preventive measures are advised as this year seems to have a head-start on last year when flu was barely known at this early date here at ACC. County health officials encourage all students, faculty, and employees to take the flue shots available at Lee Infirmary for 50 cents.

Formal Initiation Planned By Delta Zeta Sorority

October 2 will mark the first national sorority initiation on the ACC campus. The formal initiation will take place on October 2 at the First Christian Church. From 6-10 p. m. there will be an installation banquet at the Cherry Hotel. The chapter will attend Church services together Sunday morning at the First Church on October 3. The weekend will be climaxed by a presentation tea from 2-4 p. m. on October 3 in the lobby of the Classroom Building.

Special guests attending the initiation will be the Zeta Lambda chapter from East Carolina, who will preside over the ceremonies; Mrs. Norman Agler, from Columbus, Ohio, who is the national vice president in charge of membership; Mrs. Robert Francis from Birmingham, Ala.,

Cheerleader Tryouts

Practice for cheerleader tryouts begins October 4 and will be held from 6 to 7 p. m. in the gym. Freshmen are excluded because of grade point rulings. All others are invited to attend.

Student Union And Cafeteria Are Included

Plans for the building of a new cafeteria and student union and the remodeling of the present cafeteria into an office and meeting building were presented to the Executive Board Monday night by Dr. Arthur Wenger, president.

Dr. Wenger stated that ACC has doubled its enrollment in the last 10 years, and that the completion of the new girls' dorm has made it a necessity to develop these facilities. Dr. Wenger then introduced B. Atwood Skinner, architect for the college, and Barry Lamm, assistant architect, who explained the plans to the board.

Skinner first stated that a cafeteria - student union combination would be built where the faculty parking lot is now located. He said that the first floor would be a new cafeteria with a seating capacity of between 550 and 650 students. This cafeteria would feature the elimination of long lines down the side walls, and the serving area would be considerably larger than the present arrangement.

The ground floor, said Skinner, would consist of a new book store, a new snack shop with a seating capacity from 60 to 70, a recreation room with card tables and pool table, and a television room. The building would be built so expansion could be conducted if necessary.

Skinner went on to say that the first floor of the present cafeteria would be designed into an area which could be used as recreation area, seminar, or dance area. These various areas would be set up through the use of moveable partitions. The ground floor would serve as office areas for the student government, the "Pine Knot" and "The Collegiate," and various administration offices.

In the center of this arrangement would be a large conference room which would be used by the student government for their meetings and related activities.

Dr. Wenger stated that no date has been set for the start of construction, although it is hoped that some progress can be made in six to eight months. Construction would take a year to complete.

RAKOW RECITAL SET — Charles W. Rakow, above, assistant professor of music at Atlantic Christian College, will present an organ recital at St. Timothy's Episcopal Church on Tuesday, Oct. 5, at 8:15 p.m. Born in Wasau, Wis., Rakow attended Knox College where he received the Bachelor of Music degree. Following a tour of duty with the U. S. Army he attended the School of Sacred Music at Union Theological Seminary in New York City where he was awarded the Master of Sacred Music degree. He served as minister of music at the First Methodist Church in Wilson until 1962 at which time he joined the faculty of Atlantic Christian College. The program will include works by Hindemith and Bach as well as Pachelbel, Corelli, Boely, Langlais and Ireland. All ACC students are invited. (Photo by Gene Duncan)
