National Group Urges Petitions And Rallies Supporting Viet Nam

(Editor's Note: The following was received from The National Student Committee For The Defense of Viet Nam.)

Dear Campus Editor:

The college-age students of the United States have been badly criticized in recent months for their attitude toward the Viet Nam issue. This criticism has resulted from the unfortunate wide - spread publicity given to the small, noisy minority of students who have been opposing the American defense of Viet Nam.

Consequently, Young Republicans, Young Democrats, and Independents have come together to form the new bi-partisan National Student Committee for the Defense of Viet Nam. This new student committee has no association with any extra - party political organization of either the right or the left. Our sole purpose is to mobilize college students in a concerted program of responsible action in support of American resistance to Com-

munist aggression in Southeast Asia.

Specifically, we will engage in a number of activities on the campus level. First, our committee intends to distribute and collect petitions supporting the United States' defense of Viet Nam. The enclosed petition can serve as a guideline to those campuses on which no petitions are presently being circulated. If your college already has distributed petitions on behalf of American policy in Viet Nam, we would appreciate your indication to us of the number of students who have signed. At the end of November, we plan to announce nationally, the total number of student signatures favoring the American commitment to the people of South Viet Nam.

Secondly, we are urging college campuses, especially during the period from November 22 to December 10, to engage in a

series of rallies supporting

American policy in Viet Nam. If you feel that it is possible for your university to hold such a rally during this period, please let us know the date for the rally and any information you might have as to its nature.

Thirdly, we plan to distribute educational materials to college campuses explaining this country's position in Viet Nam. Please let us know if we can be of assistance to you in this area.

Finally, we urge students on your campuses to send Christmas cards to our soldiers in Viet Nam. You can address these cards in care of the World Affairs Forum, Brigham Young University, Provo, Utah. The cards must reach Brigham Young by December 1, if our soldiers are to receive them on Christmas Day.

We welcome your cooperation and assistance in this bi - partisan, national program to show the American people that the new student radicals do not speak for our generation in their irresponsible opposition to our country's policy in Viet Nam.

The Student Committee For The Defense Of Viet Nam states:

1. We believe that the war in Viet Nam is part of a general Communist effort to dominate all of Southeast Asia.
2. We believe that the cause of the war rests clearly with Communist leaders in Hanoi, Peking, and among the Viet Cong.
3. We believe that the so-called "peace demonstrators" who are opposing our role in Viet Nam are encouraging the Communists to continue their aggressive actions in South Viet Nam and, in turn, all of Southeast Asia.
4. We believe that the overwhelming majority of young Americans join us in supporting the efforts of our government to oppose Communist aggression in Viet Nam.

Fires Destroy Two Homecoming Floats On Weekend

Two fires interrupted the regular activities during ACC's Homecoming weekend. Both fires destroyed floats that had been part of the Homecoming parade on Saturday.

The first fire destroyed the Sigma Phi Epsilon float Saturday night. The fire broke out sometime during the Varsity - Alumni basketball game, and completely destroyed the float as well as the flatbed which supported the float. The Sig Ep float had won the "best overall float" award in the parade that morning.

The second fire destroyed the Tri Sigma float around 4:00 a.m. Monday morning. This float had received the award for the "best Sorority float."

Total damage was figured to be in the area of \$500 to \$600, and at this time officials are still investigating the case and no official action or arrests have been made up to now.

College officials expressed concern over the incident because of the damage involved, and the possible damage done to public relations. It was pointed out that much of the damage was done to private property, mainly the two flatbeds, which were barrowed for this special occasion.
