NUMBER TWO

National Teacher Exam

Less than two weeks remain for prospective teachers planning to take the National Teacher Examinations at Atlantic Christian College, on Nov. 8, to submit their registrations for these tests to Educational Testing Service, Princeton, N. J., Zeb M. Whitehurst, III, dean of students, announced today. Registrations for the examinations must be forwarded so as to reach the Princeton office not later than Oct. 16, Whitehurst advised.

Bulletins of information describing registration procedures and registration forms may be obtained from Dean Whitehurst at Atlantic Christian College, or directly from the National Teacher Examinations, Educational Testing Service, Box 911, Princeton, N. J. 08540.

At the one-day test session a candidate may take the Common Examinations, which include tests in Professional and General Education, and one of the 28 area examinations which are designed to evaluate understanding of the subject matter and pedagogical methods applicable to the candidate's choice of a teaching area.

After registering, each candidate will receive an admission ticket advising him of the exact location of the center to which he should report. Candidates for the Common Examinations will report at 8:30 a.m. on Nov. 8, and should finish at approximately 12:30 p.m., Whitehurst said. Candidates for the area examinations will report at 1:30 p.m. and should finish at approximately 4:15 p.m., according to the time schedule for these examinations which has been set up by Educational Testing Service.

Musical Homecoming

Homecoming '75 promises to be the best ever. Many new and different ideas have been added to this year's activities to increase school spirit and participation of the students. You as the ACC student body and your involvement will determine the success of this event. Take the initiative in making Homecoming the highlight event of the year.

The weekend begins with a dance on Friday, October 31, featuring "Warehouse". The 1975 Homecoming queen will be presented at this time. Continuing Saturday morning at 10:00 a.m. there will be a parade downtown Wilson, centered around the theme "Music Through the Years". From 1:00 to 3:00 a "Pig Picking" luncheon will be in the center of campus. Different organizations are in charge of decorating various parts of the campus recognizing a period of music. There will be a performance by a local square-dance club and also the college band and vocal ensemble will present a concert. On Saturday night there will be a basketball game.

Sororities Strive For Unity

As an integral part of the Greek system, the three sororities of ACC campus hold a

special meeting for many girls. Each sorority is affiliated nationally and established as a

college chapter of its national organization.

The Delta Zeta, Phi Mu, and

Tri Sigma chapters are unified by the Panhellenic Association which governs, legislates, strengthens, and promotes Greek life on campus. With Dean Ward as an advisor, each sorority has an equal voice in the Panhellenic Association through its representatives, namely, its president, a senior delegate, and a junior delegate. There is a rotation of offices between the three sororities in this governing body. In the future, a Junior Panhellenic Association may be set up for the pledges of all sororities. This would hopefully give members experience learning how the system works before actual involvement with the Panhellenic Association itself. The Panhellenic Association attempts to promote campus activities involving many students as a way of campus unification. For example, a powder puff football game is hopefully to be scheduled for this year.

Each sorority on campus has its own unique characteristics. However, all three have the purpose of providing member girls with scholarship, high standards, and lasting friendships. They strive to help not only Greeks, but non-Greeks as well. This is done partially through an attempt to obtain better understandings and relationships among all students, faculty, and the administration alike.

In addition, the sororities involve their members with philanthropy programs locally and nationally. Delta Zeta supports programs to help those with impaired hearing. The major philanthropy of Phi Mu lies in the support of the U. S. Hope, once a hospital ship, and now a symbol for overseas medical aid. Tri Sigma has participated in a program to aid polio research. The sorority now participates in another stage of this program to provide improved hospital facilities for the care and rehabilitation of children.

The sororities sponsor many campus activities each year. Participation in intramural

Fun Films At ACC

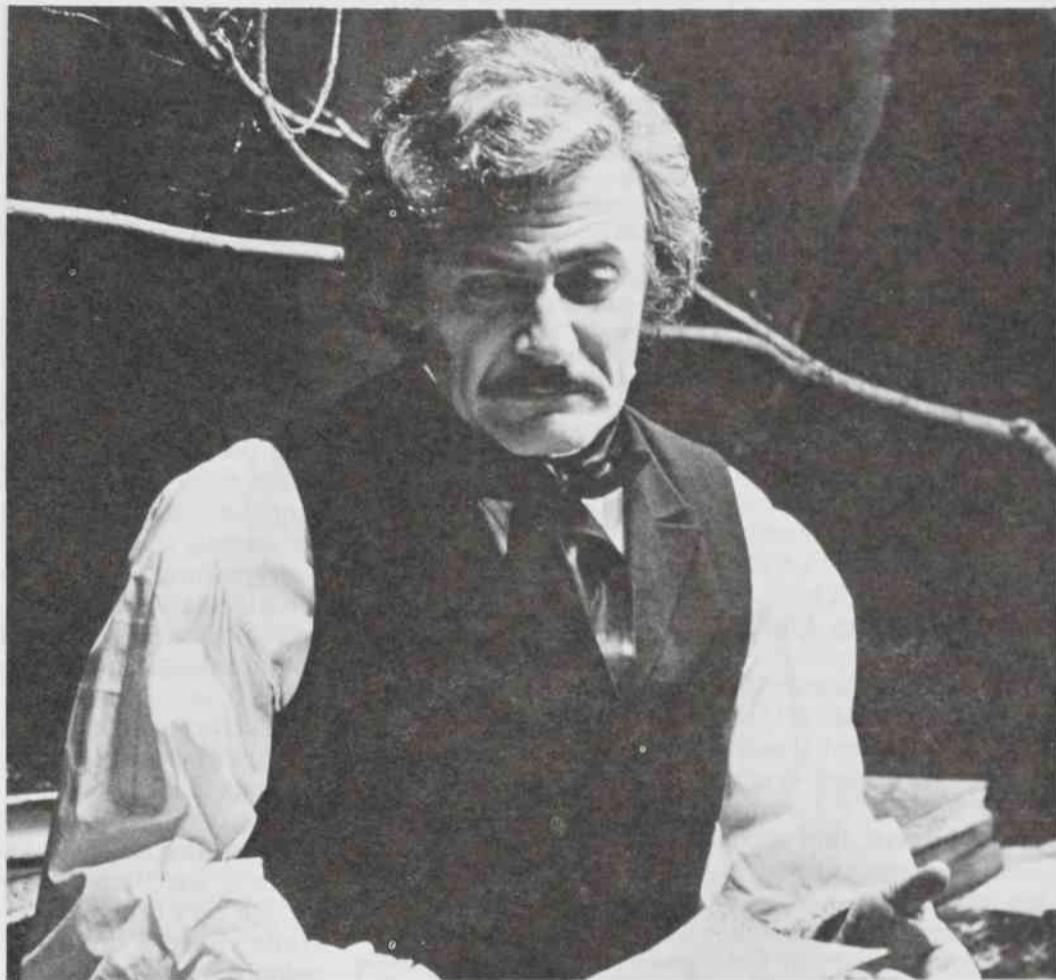

The "Golden Age of Comedy" is scheduled to be revived on the campus of Atlantic Christian College, Friday, Oct. 17, at 7:30 p.m., in Hardy Alumni Hall.

The event will include a lecture on comedy in the silent film, and a showing of the two greatest silent film comedies of all time.

Dr. David Manning White, visiting professor at Virginia Commonwealth University, will deliver a brief lecture and give brief introductions to the two full-length silent films. One film will star Charlie Chaplin and the other will star Buster Keaton.

Formerly chairman of the Division of Journalism at Boston University, Dr. White is one of the leading authorities on motion pictures, television, comic books and all forms of communications. He has served as project director of the Newspaper Comics Council.

Poe Is Alive At ACC

New York actor JERRY ROCKWOOD who does for Edgar Allan Poe what Hal Holbrook does for Mark Twain will bring his one man show "EDGAR ALLAN POE" "A Condition of Shadow" to Howard Chapel on October 23, 8:00 P.M. For one performance only. Winner of the Barter Theatre Award at the age of 23, Rockwood's performance as the tragic poet-short story writer represents his most mature work in a 25-year career in the theater. Drawing from Poe's mystery tales, his wonderfully lyrical poetry, personal letters, essays and even marginal notes, Jerry Rockwood uses this material to create an in-depth characterization of the famous American writer, revealing the agonizing conflicts of his personality, his tortured poverty stricken life, his insanity and his ultimate destruction.

The talented five-foot-eight inch actor is exactly the same height as Poe and bears a strong resemblance to him. He has directed extensively in community theaters, off-Bway, summer theaters and colleges

and recently won acclaim from the American National Theatre Festival for his productions of "Marat-Sade" and "The Mandrake."

ACC students with ID cards

and ACC faculty will be admitted free. Admission for this special dramatic event will be \$.50 for non ACC students and \$1 for adults.

Gamma Delta Iota Plans

For all of you who are interested in being involved in a social group, helping people in our community and on campus, help making spirit on campus, or anything you want to do please read on.

Gamma Delta Iota has many things happening to make people get involved. During the summer and this year, we have already done many things. During the summer a freshman and transfer register was printed and sent out to the new students to help them get acquainted with each other. As far as we know this project will be continued next year.

One of the goals of our club is to help people get to know each other, so the early part of this semester we had a cookout. The purpose of this cookout was to welcome new members. We had about 50 people attend this cookout and it was a blast! Other cookouts are planned for future dates.

Since we are new we don't have the funds for a float for Homecoming, so we are going to work with other small organizations to help decorate the center campus for the Pig Picking. That's what we want to do, work with other people, not against them. We are trying to get small organizations involved in group sports, such as playing another organization in volleyball just for fun. This is in the blueprint stage, but we are working on a schedule.

If anyone has some ideas to help our campus, let us know. We meet every Thursday night at 6:30 in Hines 208. Everyone is welcome to come and meet new faces and make new friends and try to get involved.

Gamma Delta Iota members, Charles Butts and Marsha Cunningham enjoy themselves at a recent outing. With the weather cooperating, the club had a marvelous time. Many such events dot the schedule of the organization. (Photo by Jimmy Cobb)

Nakhre In

WILSON, N.C. — Dr. Amrut Nakhre, associate professor of the Atlantic Christian College Department of Social Science, has accepted an invitation to chair a panel, "Nuclear Proliferation: Prospects and Consequences," at the International Studies Association Convention to be held in Toronto, Canada, Feb. 25-29, 1976.

Dr. Nakhre is one of four social scientists to be asked to participate in the meeting. The others are from Czechoslovakia, Norway and Canada.
