

Howard Hanger-April 19

On Wednesday, April 19, 1978 at 8:00 p.m. in Hardy Alumni Hall, The Campus Christian Association presents in concert The Howard Hanger Jazz Fantasy.

The Jazz Fantasy (formerly the Howard Hanger Trio) annually presents hundreds of Jazz Theater and Jazz Worship programs. During the past year they have toured Greenland, Belgium, Netherlands, Germany, Saudi Arabia as well as their regular domestic schedule.

Their Jazz Theater program is drama in concert. Utilizing dance, visuals, varieties of musical styles and theater cuttings, they offer an intelligent and stimulating approach to entertainment. The idea is to make the entertainment experience as complete as possible in a concert setting.

The Jazz Mass or Jazz Worship program is specially designed for each situation. Ranging from a full requiem mass to a deeply subdued meditation experience, the idea is to give free reign to the worshipper in a 20th century framework.

Howard Hanger (the leader of the group) has travelled with his own similar groups for the past 12 years under the name "The Howard Hanger Trio". He received his musical training privately and the Florida State University Conservatory in Jacksonville, Florida, under Gerson Yessin.

The Jazz Fantasy was featured in 1973 on five ABC News Specials and is currently scheduled to do a one-hour documentary for national Public Television.

This summer they are scheduled to tour the Caribbean, with the Fall set aside for Alaska and the Mediterranean.

They have three records available commercially: "A Child is Born", "Through a Glass Darkly", and "What Would You Say ..."

There are currently six members of the Jazz Fantasy: piano, bass, drums, violin, trumpet and modern dancer.

One thing is certain: Atlantic Christian College is going to change, and future graduating classes will reflect that change. We can hope that the change will be for the better.

When the seniors walk across the stage next month they will have completed a broad and diversified educational experience. They may have majored in business, but they also studied art. They may have prepared for the ministry, but they struggled with algebra. They may be certified English teachers, but they did some work in a science laboratory. And if they are nurses, they also studied religion and music and literature.

What will they find here when they return for future homecomings? No doubt they will find innovation, change, and new approaches to education. But while they were here they received the best we had to offer. The experience of the next student generation is unknown now, but it will be different.
