

School spirit: not just for sports

Recently through observation we have noticed that school spirit has faltered within the last month. This decline can be attributed to many factors, but the most outstanding is the ending of basketball season and other sports events.

For some reason, sports are a universal language and peace-maker shared by many people. Spectators get together as one and cheer for their favorite team. All barriers break and we are as one no matter who we are, what we are, or how we are classified.

It was through basketball that the United States and China began to mend ties. The Olympics promotes unity among athletes from around the world and in turn promotes unity between countries. Why is it that boxer Muhammed Ali received a greater welcome in the Soviet Union than a group of visiting U. S. Senators?

Since sports and athletic events are vital to the world, they are also vital to the educational institution. It is through sports that many colleges and universities have become world-famed and have received funds to continue educating students as well as attracting new students.

How proud a Clemson student may feel because his or her football team won the Liberty Bowl or how proud a University of Southern California student may feel because O. J. Simpson played football there or how proud an Aggie may feel because his or her team won the MEAC basketball tournament.

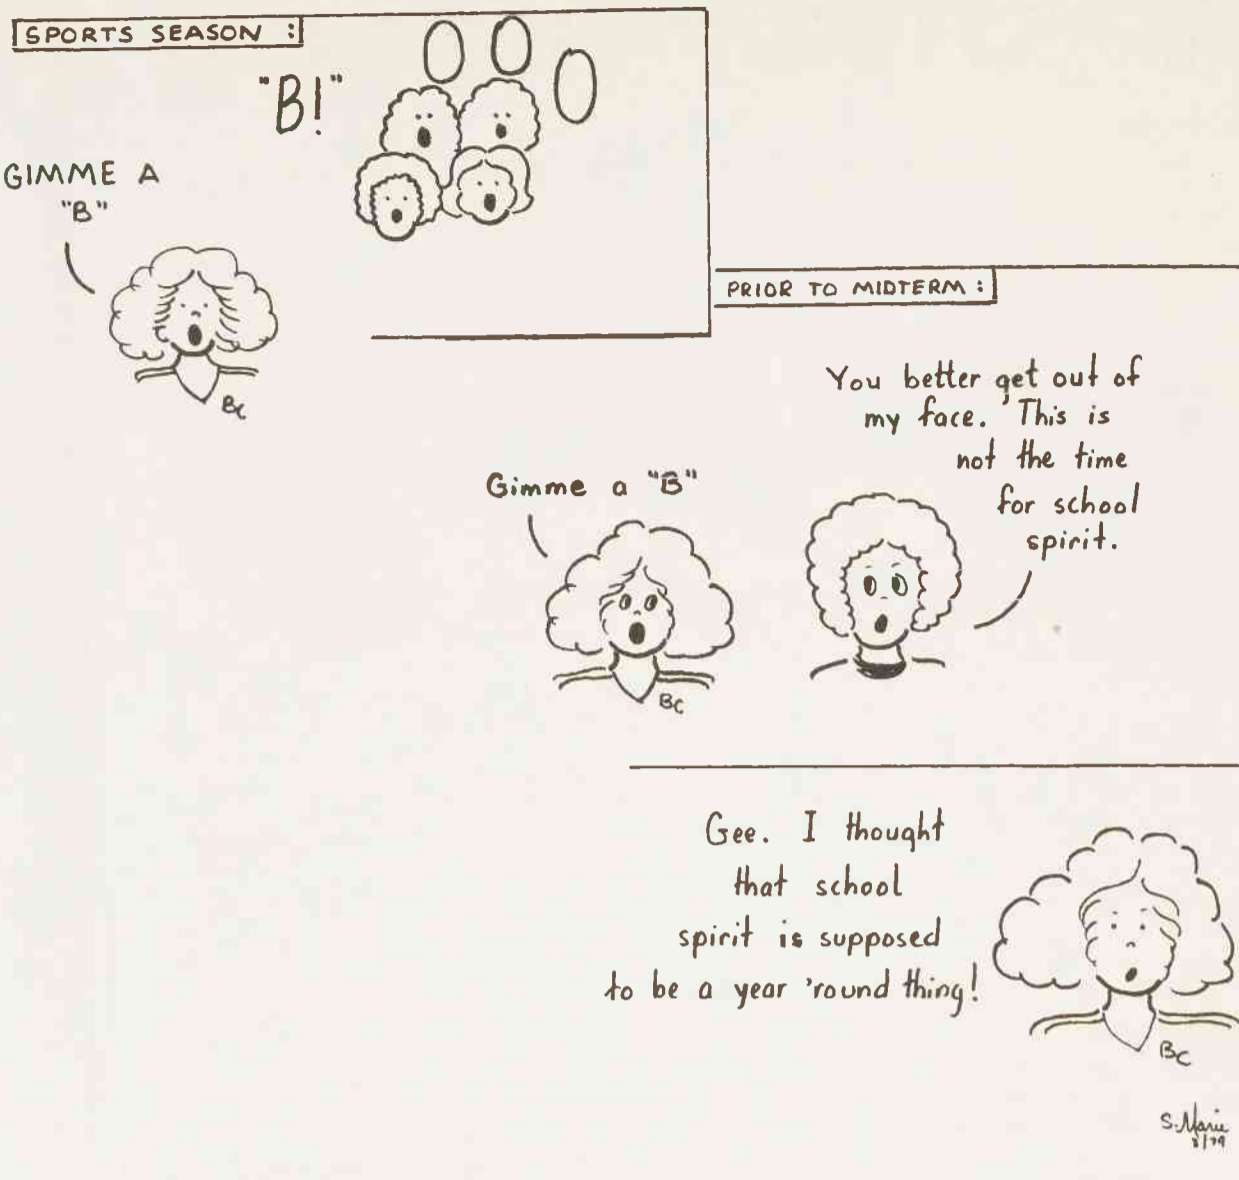

School spirit and pride is best promoted during volleyball and basketball season at Bennett. Freshmen, sophomores, juniors and seniors unite for a common interest.

It is through these events that anxieties are released, friends are acquired and problems are forgotten, at least for a few hours.

It is in view of sports that we wish to commend all who contribute to our athletic programs as a promoter of unity and school spirit.

We also wish to have available at our school more athletic events and encourage more participation among the student body.

What would this mad, chaotic world be like without the pleasure of relaxing while watching or participating in sports?

Nightclub atmosphere praised

Student Government Association
Bennett College
Greensboro, North Carolina
Dear SGA:

It is with great pleasure that I commend you on the recent presentation of "Wednesday Night Live." I was most happy to see the uncovering of my peers hidden talents, which were outstanding.

The atmosphere in the coffeehouse was most relaxing and enjoyable. I only wish that more students would have attended for they truly missed a treat. I sincerely hope that it will occur again, and maybe next time there will be more participants and spectators.

Your efforts were not in vain for all spectators truly enjoyed the show.

Sincerely yours,
Deborah D. Tillman

Humanities enrollment urged

**BROADEN YOUR HORIZONS!

Candidate qualifications announced

by Debra Perkins

Once again it is that time of year when campaigns begin for the selection of student officers for the next (1979-1980) school year. It is a serious time to analyze the people who are seeking positions. Be knowledgeable about the people who will serve you; make the wisest and most beneficial choices, not the most popular choices.

Each young lady who is seeking a position in the Student Government Association, Student Union Board, and the

Inter-dormitory Council must meet the designated qualifications and be cleared by the Election Committee and the Director of Co-Curricular Activities. The qualifications are as follows:

- All candidates MUST have a cumulative average of "C" (2.00).
- All candidates MUST reside on campus during their term of office and be enrolled as full-time undergraduate students.
- All candidates for president and vice-president MUST have been students at Bennett College for at least two full years.
- All other candidates MUST have been students at the College for at least one full year.

Campaign Week begins March 19 and will last through March 25. Voting day will take place March 26 in the Student Union Foyer between the hours of 9:00 and 6:00 p.m.

REMINDER: Consider the people who will be the best assets to the College community. Do not choose your "buddies" unless your "buddies" will be worthwhile as assets to the College community.
