#### WINSTON OFFICE By One in the Office

Did a reporter of the Blanketeer Ever ask you to help him out? By writing for the paper a bit of news,

Perhaps-several times, no doubt. And did you readily agree to try, Or was the answer, "I haven't time"

Or "I really can't write a thing"-No news-nor yet a rhyme.

So the reporter must need sit

And rack his brain anew. Longing for some inspiration Or searching for some cue. As he tries his best to write a line Something important—something worthwhile.

Perhaps some time some humorous thing

That you may laugh or smile. Do you find the paper interesting And read it with great pride, Or do you merely give a glance And cast each one aside?-Is it quite fair that reporters and

staff Should have all the work to do-Just let me ask you a question,

pal-Isn't this your paper-too?

#### DESPAIR AND DOUBT By Edgar A Guest

Despair and Doubt are failure's men.

They talk of dangers nigh. Like ghosts they rise before man's eves

His soul to terrify.

If in his mind he gives them room They'll shroud his thoughts in ghastly gloom.

They'll steal his courage and his wit

And frighten him before he's hit.

But Hope and Faith are victory's men

Who sing a rousing song. As best they can they'll cheer a man

And urge him to be strong. They'll counsel; Pay the battle's cost.

While still you fight you haven't lost.

The fighting heart may gain the cup,

But no one wins by giving up.

So give no space to fretful doubt: No room to dark despair.

He's friended best in every test When hope and faith are there. Despair and doubt make men afraid,

And none fights well when he's dismayed.

But who to hope and faith clings fast

Will hold off failure to the last.
