Success Habits

Wear a smile.
 Eat regularly, slowly and moderately.
 Never be too busy to be polite.
 Learn to control your tongue and your temper.
 Say goodbye to the worry habit.
 Dare to be original.
 Keep in tune with your job.
 Never stifle your conscience.
 Be a teamworker.
 Look ahead, not backward.
 —Lelax.

Unbound

As leaves fall from a tree—
 So let useless shams fall from me.
 As leaves go slipping toward the ground—
 So let the false conceits that keep me bound
 Release their hold
 And leave untrod my soul.

Then may I stand bravely forth
 Like the leafless trees of Fall—
 Like the trees that face the searching winds
 Nor fear the winter's pall.

L. H. C. Club of Winston

Miss Linda Fishel had charge of the program at the weekly club meeting held at Centenary church on Monday night, Nov. 4. Mrs. Mae Whitener led the devotional discussion following which a business session was held. Christmas cards are being sold by the club to raise money and it was announced that a set of dishes had been sent the club at Elkin to be used in their new club house. During the program Miss Agnes McDaniel read an interesting letter to girls, taken from the Sunshine magazine. A letter from Miss Lorena Kelly was read. Miss Kelly is now in Belgium studying French and preparing herself to go to Africa as a missionary. She wrote a detailed account of her trip on the boat and gave an interesting account of life in Belgium. The program came to a close with the playing of the club benediction. Miss Hixie Ashe will have charge of the program at the meeting Monday night, November 11th.

A class in knitting has been underway for several weeks under the direction of Miss Elizabeth Flynt.

Miss Evelyn Morris is conducting a class in music appreciation at her home in the Gray Court Apartments. Miss Agnes McDaniel and Versie Whitlock have been awarded tickets to the Civic Music Club concerts.

Plans for the Christmas program are under way and we hope to have the best Christmas entertainment in the history of the Club.

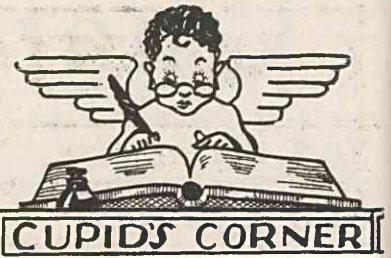

The Girls' Basketball team has been practicing for several weeks now and they will have their first practice game on Friday night of this week with Sedge-Garden high school. A cheer leader has been appointed and our team is expecting a great deal of support from everyone. Come out folks and let's help win the games.

That Small Scratch

That small scratch or pin prick is hardly noticeable right after it is incurred, but what about it in a few days if it should become infected? The best insurance against infections is prompt treatment.

It doesn't take so much time to sterilize and treat a small wound; and yet a host of people gamble with infection daily by ignoring minor injuries. It is indeed true that a person can pass up the treatment of small injuries time and time again without suffering from the neglect; but then again one of the most insignificant appearing scratches may house devastating germs ready to begin their destructive work. Those germs can be eliminated by adequate first aid treatments.

We know that our readers may tire of our frequent reference to the dangers of infections; but the more we note the painful experience people actually have because of neglected small injuries the more determined we are to use our influence in attempting to get our readers to protect themselves against the ravages of infections.

Stamp-collecting has a greater following than any other hobby.
