

MRS. CALHOUN DIES IN FALL

**Wife of Former Elkin Man
Hurtles from 7th Story Win-
dow in Tennesse Hotel**

Mrs. Annie Gray Johnson Calhoun, 28, of Winston-Salem, wife of Charles Dobyns Calhoun, formerly of Elkin, died Monday afternoon in a Chattanooga, Tenn., hospital after a fall from a seventh story floor of a Chattanooga hotel. Mrs. Calhoun lived only a short time after the accident.

The deceased was a member of a prominent Tarboro family and was the daughter of Mr. and Mrs. Henry Johnson. Shortly after her marriage to Mr. Calhoun they made their home here for several months and she had many friends here.

Mr. Calhoun is employed with the Chatham Manufacturing company and for a number of years was with the New York office of the company. He has recently been transferred to the south, with headquarters in Winston-Salem.

Mrs. Calhoun is survived by her husband, a small daughter, Annie Gray Nash Calhoun, and her parents.

Funeral services were held Wednesday in Tarboro.

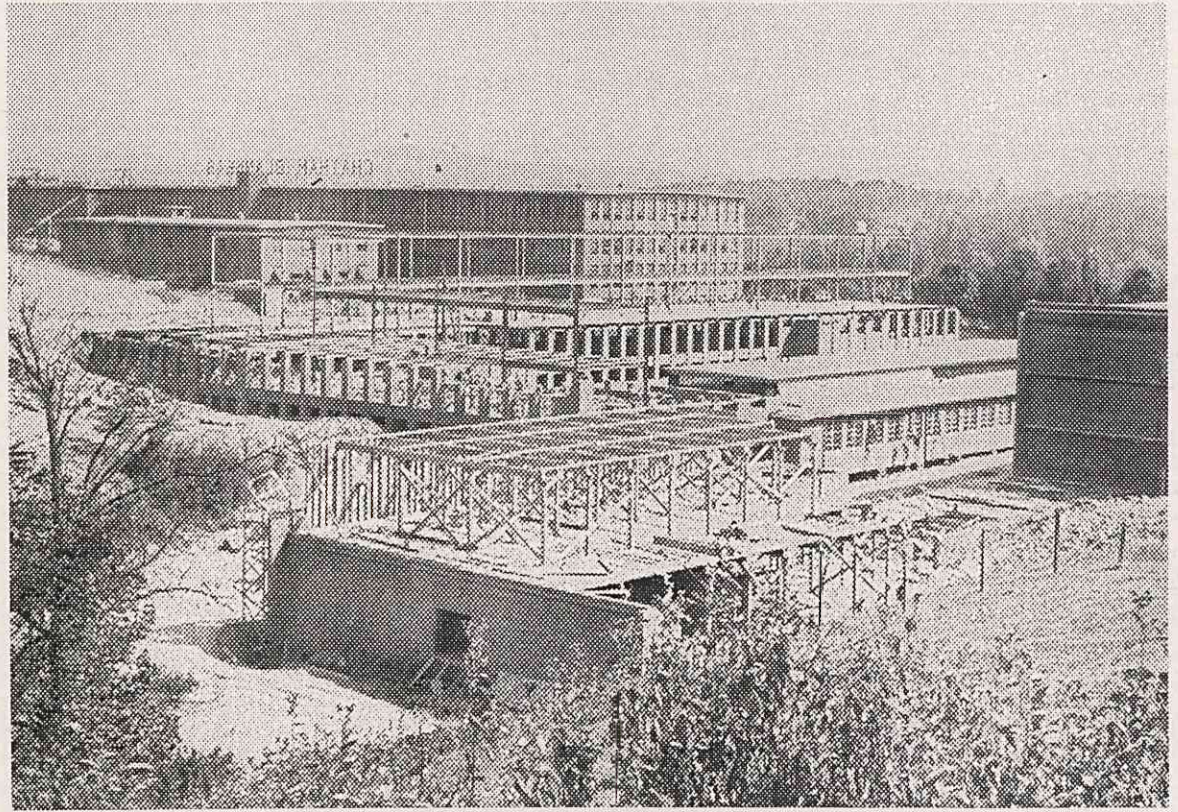

Photo Contest to Close October 6

The last day for submitting pictures in the first annual T. C. U. Club Photo Contest has been changed to Friday, October 6. The postponement in date was due to requests of several employees who are planning to submit pictures.

All Chatham employees in the Elkin and Winston plants who are interested in photography as a hobby are urged to submit one or more pictures to the committee in charge of the contest. The committee in charge of the contest are Henry Woodruff, chairman, Hugh Salmons and Russell Furcham.

Ideals are like stars; you will not succeed in touching them with your hands, but like the seafaring man on the desert of waters, you choose them as your guides, and, following them, you reach your destiny.—Carl Shurz.

New Plant Is Fast Taking Shape

The new addition to our plant is fast taking shape as workmen hurry construction so as to have the building in readiness to remove the finishing department from Winston-Salem to Elkin around the first of the year. The photo above gives a general impression of the scope of the new construction, with the present Elkin plant seen in the background.

Mr. Chatham Favors Support For Allies

**Tells Club Members of Conditions in Europe in Talk Monday
Night; Says We Cannot Sit By and Be Totally Inde-
pendent; English Industry 95 Per Cent.
on War Materials**

Thurmond Chatham, president of the Chatham Manufacturing Co., Monday night addressed members of the Chatham T. C. U. Club, the Lucy Hanes Chatham clubs, plant foremen and special guests at a meeting held at the clubhouse near the Chatham plant here.

Mr. Chatham spoke informally of his recent trip to Europe, which included France, England and Scotland.

Balloons are all over England for protection from air raids, he said, stating that in his opinion they would have a tremendous

effect on air warfare. Prior to the war, the working people begged and pleaded with the government to stop Hitler, Mr. Chatham said.

In speaking of Germany and Russia, the speaker said the standards of living are terrifically low. Hitler has the young people charmed with promises of world domination, while the older citizens are stunned.

English industries are 95 per cent on production of war materials, Mr. Chatham told his listeners. He also pointed out that the

FOLGER SPEAKER AT T.C.U. MEETING

**Fifth District Congressman Ex-
presses Self as Favoring Re-
peal of Arms Embargo**

In keeping with its policy of inviting interesting speakers to discuss current problems of interest to young men the T. C. U. Club had as its guest speaker on Monday evening, September 18, Congressman A. D. Folger, of Mount Airy. Mr. Folger's talk on "World Conditions at Present" was preceded by his praise of the wonderful work of Mr. Thurmond Chatham and his interests as a humanitarian.

Congressman Folger traced the growth of the United States Government from its beginning to the present time. In speaking of our present status in world affairs he stated that "We are in this world and we are a great nation in this world. Why isolate
