

AROUND THE MILL

SHOP

John Kelley asked me to state that anyone having any old suits to sell to get in touch with him. We think he is going to start a second hand store.

We are glad to report that Sam Sprinkle has recovered from a recent accident sufficiently to be moved from the hospital to his home. Hurry back, Sam.

"Doust" Haste has gambled away his ruler.

Jack Caudill is still in the finance business so anyone wishing to make a short time loan see Jack and he will cheat you right.

Mrs. Jim Lyons has returned to her home from the hospital. We wish for her a speedy recovery.

We have just finished singing "Happy Birthday" to Fred Day. Mr. Day was seventy-three today.

R. E. Peddycord has been transferred from the Finishing department to the Shop. We hope he will like us.

John Hampton is going into busines for himself. He is building a cafe or beer parlor just out of Jonesville. John says there will be no beer sold at his place but we keep trying to show him the percentage in handling beer.

Mr. and Mrs. Lee Neaves have as their guests this week the latter's mother, Mrs. R. G. Roberts, of Asheville.

NAPPING DEPT.

Hello, Folks: How in the world are you? Long time me no see. I haven't the slightest notion what I'm going to write about, but I've had my orders and orders are orders. Or as Skipper would say—"odors are odors."

Now I'm not one to complain but it seems to me that when they built this fine building they could have left some of the rack-et out. I wonder if there is such a thing as "noiseless nappers"—and if these flock dohickies could have silencers put on them. Oh, heavenly peace and quiet. Gilliam said while I was complaining to put in a word for him. He wants to know if it's possible to make a sample with legs. He's about to walk himself to death. But after all it's a fine old world because it has such nice people living in it.

Say, don't you think it would be a swell idea for Chatham Manufacturing Company to sponsor a beauty contest? Each department could have an entry. Miss Finishing Department, Miss Weave Room, etc. Don't you think that's a good idea? If you don't you don't have a sense of humor.

Well, if seeing is believing, Spring is sprung. Anyway I saw a sign advertising a Spring Dance to be held at the Elkin Gym and

if it isn't spring, we have a practical joker in our midst.

Mr. Irl, our boss and buddy, is back on the job again today, feeling much better. We missed you, Sugar Daddy.

I'll have to take a little time off to speak to Sister Austin.

Sure am glad to see you back at work, Sis. Doesn't seem right without you over here. Ride the elevator up to see us sometime.

So long, folks. Hope by next time you have a new and better reporter.

SPINNING AND CARDING DEPARTMENT

Hershel Tolbert has visitors from Lynchburg, Va.

Jones Wagoner needs a body guard.

We are glad to welcome Clay Felts back to the Card Room.

Ral Hayes is suffering from a heart attack, the result of a bite by the Easter bunny.

Mr. Bahnson Tolbert has been on our sick list for some time. We wish for him a speedy recovery.

Albert Almore says he is getting along fine since he is getting help from WPA. They built him a house.

If you boys want to fight you don't have to go to Finland. Just get some of Frieda's bobbins.

Walt Bryant says his spinners get him so hot he almost burns up.

You boys must be careful. There is a girl in this department who might tell the teacher.

Grover Tilley says he had a narrow escape the day we had the wind storm.

Seems Irvin Luffman has completed his course of training for the hunting season. He killed two big bears and a rabbit with one shot.

They say there is a certain doffer who likes to comb his hair while the ladies do his doffing.

We think Walt Carter must be taking drawing lessons instead of telling things, he just draws a picture.

CARD OF THANKS

We desire to express to our friends our deep appreciation for the sympathy and kindness shown us in our bereavement. We also thank the Spinning and Carding department for the beautiful flowers.
