ECUSTA HOSPITAL DRIVE IS ON

CONTRIBUTION PLAN EASY CONVENIENT

Ecusta Paper Corporation, Champagne Paper Corporation and Endless Belt Corporation cooperate with their employees in a drive to raise funds for the construction of the new hospital in Brevard. Sufficient funds have not yet been raised to complete the building which is under construction. The employees of the county, as well as individuals, are cooperating to raise the necessary funds. A plan has been worked out whereby our employees can contribute in small amounts over a period of time in making their donation. Many would give \$5.00 or \$10.00, but many cannot afford to part with this much money at one time but it is believed every employee can afford to give one dollar's wages each week for 12 weeks and will thereby be able to make a substantial donation without the inconvenience of making a large gift at any one time.

Blanks have been prepared for the employees to subscribe for one dollar's wages per week for a period of 12 weeks. These blanks will be given to the employees and they should be filled out and returned to the foreman. The blanks will then be turned to the Personnel Department where tabulations will be made and the blanks forwarded to the Payroll Department where deductions will be made from the employees' checks each week.

Mr. Straus has offered to contribute one dollar for every dollar contributed by the employees, provided 75% subscription to the contribution plan. This will mean that every dollar given by our employees will amount to \$2.00 toward the Hospital Building Fund. All employees are urged to fill out their blanks immediately and return them in so that deductions can begin and that the drive can be concluded as early as possible.

PRESIDENT'S MESSAGE

LAST AND FINAL APPEAL TO ALL EMPLOYEES OF ECUSTA PAPER CORPORATION, CHAMPAGNE PAPER CORPORATION, ENDLESS BELT CORPORATION

All of us agree that a modern and up-to-date hospital is very much needed in Brevard, Pisgah Forest and Transylvania County. Such a hospital is under construction at the present time in Brevard.

Sufficient funds have not yet been raised to complete the building and furnish it with the necessary medical equipment and furniture.

The people of Brevard have just completed a drive and are still raising funds. While this is going on, upon my request, all those employed by Ecusta, Champagne and Endless Belt have not been approached, as again we want to make this a "company" affair.

Whatever you give this time, same as the last, Ecusta, Champagne and Endless Belt Corporations WILL MATCH DOLLAR FOR DOLLAR.

A plan has been worked out whereby our employees can contribute in small amounts over a period of time, which will make it easy for them to do their share and, at the same time, render a very noble service to all the citizens of Transylvania County.

It is my hope and ambition that, without exception, each and every employee of the companies, of which I have the honor to be President, will donate at least one hour's pay per week, for a period of twelve weeks, to this fund. If this can be accomplished, the employees of our various corporations, jointly, should be able to accumulate an amount in the neighborhood of \$10,000; which the corporations are willing to match, so that from the three corporations we hope to be able to contribute to this hospital under construction a total of not less than \$20,000.

The benefits of a hospital will come to all of you. A hospital is needed in times of distress, and while I hope that none of you will have to be patients in this hospital, it is necessary that the hospital be ready for you when the time comes.

This does not only apply to those who live in Pisgah Forest and Brevard, but to all employees—no matter where their homes happen to be—because in an emergency they will have to be brought to a hospital where modern service and attention is immediately available. This you will find in the new hospital under construction.

We want to make this a whirl-wind campaign which ought to be completed in a week's time, and I hope, as stated before, that all of you will, without exception, enter into the work which we have undertaken.

The buildings are well advanced in construction, and we want to bring them under cover before the cold weather sets in. Consequently, we do not have much time to waste.

In advance, I thank all of you for your whole-hearted cooperation in this noble enterprise.

Sincerely yours,

HARRY H. STRAUS, President.

Hospital Will Benefit Industrial Workers

The employees of the various industries in Transylvania county will be greatly benefited by the new hospital which is being erected. Modern hospital facilities will be available at home and it will not be necessary to travel thirty or forty miles for these facilities. All of the employees and most of the families of the employees of the companies belong to the Hospital Saving Association and have a form of insurance which will cover ordinary hospital bills. When the new hospital is completed it will mean modern hospital facilities will be available for those who need hospitalization. Everyone will feel much more secure if he knows that he has hospitalization insurance and that a modern, well equipped hospital is available within a few minutes.

Every employee should realize the benefit of the hospital to them and their families and contribute toward this worthy cause.

BREVARD CITIZEN DRIVE IS SUCCESS

During the past few months, two teams of staunch Brevard supporters, captained by Jerry Jerome and Harry Sellers, have received subscriptions totaling \$5,000. Several individuals were known to have given as much as \$500.00. This group was led by such men as Mr. Frank D. Clement, Mr. Verne Clement, Dr. C. L. Newland, Mr. W. M. Schwarz and Mr. Walter V. Landeck.

The subscription total was given a great boost when the old equipment was found to be worth over \$2,000.00 in trade-in for new equipment.

Several organizations within Brevard have obligated themselves to raise money for further hospital equipment.

Mr. Jerome and Mr. Sellers should be commended for their excellent work.

Miss Justine Williams, Women's Recreation Director, will act in the capacity of librarian and will be on hand from 8:45 A. M., until 5:00 P. M., to issue books. The books will be loaned for a period of one week. However, if the reader requires more time, books may be renewed for an additional week.

We have in our files a request list so in the event that you do not find your reading interests on our shelves we should appreciate your suggestions for future book orders. Among the many famous authors

Mr. A. J. Loeb, better known to Ecustans as "Art" Loeb, recently returned to Brevard. Mr. Loeb is Vice Pres. of the California Central Fibre Corporation and has been located at El Centro, Calif., for the past year. On Nov. 12, Mr. Loeb was married to the former Miss Kathleen Vachreau of Wausau, Wis. The ceremony took place in Chicago and their honeymoon was spent in Florida. We extend our very best wishes to the bride and groom and hope that their stay here will be an extended one.
