# Ecustans To Go 'All-Out' For War Bonds

Transylvania Dollars Bought This Flying Fortress!

Here she is and isn't she a beauty! If you bought a war bond last April, you should be thrilled to see this great bomber. It is the Boeing B-17 Flying Fortress, latest model of this high-altitude, daylight precision bomber. It has four engines and a wing span of approximately 104 feet. It has a top speed of over 300 miles per hour and carries a bomb load of ten tons. The bomber is heavily armed, too. Let's buy another Bomber in September!

## THIRD WAR LOAN DRIVE STARTS ON SEPTEMBER 9TH.

Recreational Department To  
Give Series Of Programs  
In County

Our various companies, as well as all employees are expected to go "all-out" in the purchase of war bonds during the Third War Loan drive which officially starts September 9 and lasts throughout the month.

Published elsewhere in this issue is an urgent appeal from President Harry Straus.

The Transylvania county quota is \$432,000, which is about four times as large as the county's Second War Loan drive quota, and is \$100,000 more than have ever been sold in the county during one month's time.

The county war bond committee has already made elaborate plans to conduct the drive and these plans include holding a series of meetings in various school buildings of the county.

In co-operation with this committee and the Treasury Department, our recreational department has agreed to give a program at each of these meetings featuring the famed Ecusta string band, the Ecusta trio and other special acts.

Rehearsals are now underway and the various participants seem to be eager to co-operate in every possible way even though these programs will require right much time.

"We realize that it is our first duty to do everything possible to help bring about a speedy Victory and we are happy to do what little we can to back up our boys in service," one member of the string band declared.

## Ted Schepkowski Wins Tournament

Ted Schepkowski, of the Champagne department, won the Ping-Pong tournament Friday, August 27, it was learned just a few hours before this issue went to press.

Walter Straus, who has formerly held the singles championship, came out second. Harvey Souther was third and W. H. Jeffries, fourth. Others stood as follows: Leonard Bauer, Al Montville, Peter Muffat, H. E. Newbury, C. Jones, Paul Plaut, J. Curwen, Tom New, D. Thomas and Pete Eberle.

All contests were played on the cafeteria porch during the lunch periods. It was a ladder tourney.

Walter Straus won the singles at the picnic and Straus and Schepkowski won the men's doubles.

## PLANS MADE FOR BOWLING SEASON

Season Opens In October.  
Several Teams Have Al-  
ready Entered

The Ecusta Bowling Committee met August 5 and made plans for the Ecusta Bowling League for the 1943-44 season. Attending this meeting were Tom Allen, Frances Henderson, Mary Sue Thorne, Earl Hall, F. S. Best, H. E. Newbury, Pete Eberle, Ann Morris, Grace Zieverink, Walter Straus, John Eversman, R. J. Kappers, J. O. Wells and Walter Ashworth.

Miss Lucile Roberts was elected secretary-treasurer of the Bowling Committee. A great deal of enthusiasm for the coming season was displayed at the meeting and indications were that a very good bowling season was in the offing.

Five teams were entered for the Women's Duck Pin League and are as follows: one team including bowlers from office, cafeteria and first aid, one team Endless Belt, one team Champagne, one team Finishing and one team including Inspection, All Labs and Research.

In the Men's Ten Pin League four teams were entered and are as follows: one team including Office and Cafeteria, one team in-

## TO ALL OUR EMPLOYEES

You are undoubtedly familiar, through newspaper publicity, that the United States Government is launching another War Loan Drive and that the Secretary of Treasury has set a goal of \$15,000,000,000.00, which is a stupendous amount.

I received a letter, a few days ago, from the Secretary of the Treasury in Washington, in which he writes as follows:

"One of our greatest tasks in the September Third War Loan Drive will be the sale of additional bonds to the men and women on the office and plant payrolls of America—bonds over and above their present participation in Payroll Savings.

"A recent survey shows that the average family incomes are far greater than ever before; that one out of every two workers is in a family where two or more people are employed. Therefore, it seems apparent that during the Third War Loan Drive an average sale of an extra \$100.00 bond, or a bond equivalent to two weeks' pay, exclusive of regular Payroll Savings subscriptions, is an attainable goal."

The quota which the Treasury Department has set for Transylvania County for the Third War Loan Drive is \$432,000.00.

Our war efforts are in full swing; our Armed Forces are doing a marvelous job. Those of us who stay at home must do their share by supplying the necessary money to the government to buy the equipment which is essential for the successful prosecution of this war.

While reports we receive are very encouraging and while our Armed Forces are making steady progress, by no means has the time arrived when we—those on the Home Front—can slacken in our efforts.

Ecusta Paper Corporation, Champagne Paper Corporation and Endless Belt Corporation, will buy War Bonds to the maximum of their ability.

I know it is not necessary for me to spend much time in
