

Employees And Their Families

Plenty Of Action

Yes, there were lots of action at the Big Fourth picnic for young and old.

The picture on the right was made just as the signal was given for the girls' rope jumping contest to start.

Shown below are a group of girls in action in the egg race that created much excitement.

At the bottom of the page in the corner is a striking view of Bertha Edwards, playing the big bass horn in the Band.

In the center below is a view of the girls' softball game between Champagne and Canton.

Down at the bottom are the boys coming up a greasy pole, which they really did.
