

Entertainment And War Incentive Pictures Are Now Being Shown Here

Two Showings Featured Weekly, On Thursday And On Friday.

Last week, Thursday, August 17, the Recreation department inaugurated a new program of movie entertainment for Ecustans. Instead of showing just war incentive films, as has been the practice during the past two months, both war incentive and entertainment films will be shown every Thursday night and Friday afternoon instead of every Thursday as has heretofore been the custom. This week's pictures included: "LAW OF THE TIMBER" starring Marjorie Reynolds and Monte Blue, part 2 of the serial "FLASH GORDON" a "TERRY TOON CARTOON" and the war film, "CONQUER BY THE CLOCK."

Pictures booked for September are:

Aug. 31 -Sept. 1—"BILLY THE KID IN LAW AND ORDER" "FLASH GORDON PART 3" "YOUR SHIP IN ACTION."

Sept. 7-8—"ARMY AIR FORCES REPORT" "FLASH GORDON PART 4" "TERRY TOON CARTOON."

Sept. 14-15—"RAIDERS OF THE WEST" "FLASH GORDON PART 5" "FILM COMMUNIQUE NO. 2."

Sept. 21-22—"SHERIFF OF SAGE VALLEY" "FLASH GORDON PART 6" "FILM COMMUNIQUE NO. 33."

Sept. 28-29—"WAR DEPARTMENT REPORT" "FLASH GORDON PART 7" "TERRY TOON CARTOON."

Wives and husbands of employees are cordially invited to attend these movies on Thursday nights. Show starts promptly at 8:30 o'clock on Thursday and at 2:00 p. m. on Fridays.

Job Instruction Courses Are Most Successful Here

The job instructor training course, a war-time program of job training, developed by the war manpower commission and started at Ecusta July 31st, has been proving successful. It has been given to 150 people during four weeks. All superintendents, foremen, assistant foremen, and others who have the responsibility of instructing employees are eligible and are taking the course.

This training will continue for at least 3 weeks, possibly longer; about 75 more people are expected to attend.

Those who have finished the course feel it is accomplishing its purpose which is to cut down 'breaking-in' time of new men and of experienced men on new jobs, of cutting down scrap and accidents.

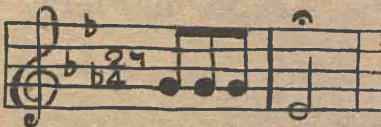

The program is divided into three courses: job instruction, job methods and job relations. These classes are limited to 10 employees, each course lasting ten hours. A total of 30 are given instruction each week.

Tearful: "Let me kiss those tears away, sweetheart," he begged tenderly. She fell into his arms.

"Can nothing stop them?" he asked breathlessly.

"No," she murmured, "it's hay fever; but do go on with the treatment."

ECHO'S MUSICAL INTRODUCTIONS

INTRODUCTIONS

HELEN KIMSEY

We proudly introduce Helen, one of our Ecusta Band's faithful clarinetists, as possessing merit in musical accomplishment and aspiration. She has been playing the clarinet with the band since March of 1943 and has recently started playing saxophone.

She was born in Mills River and graduated from high school there in 1936, and Cecil's Business college in 1938. Again prominent in Ecusta's musical activities, she is a member of the chorus and girls' sextette. Helen is head clerk in the Pulp Mill office, where she has been employed for more than two years. Music, as you might have guessed, is her main interest.

month in Asheville.

Recreation Goal

The Recreation Department is anxious for every one at Ecusta to have a good time and welcomes suggestions. "When bigger and better shows or entertainments are staged, let's put them on," the director says.

It's really fun to work and play together. Let's do more of it, remembering that "all work and no play makes Jack a dull boy and makes Sally grow old too soon."

When a large family like Ecustans work together and play together, doesn't it make for real success and real happiness for everyone? Of course it does, and that's what makes the Recreation Department happy too!

As an entertainment and recreational center, as well as an eating place, this column salutes the Cafeteria Building!

IN HAWAII SINCE DECEMBER

Pvt. Ray M. Rigdon has been in Hawaii since last December. He is in the Army Air Corps. Pvt. Rigdon was in the Slitter Service in Ecusta, but was inducted into service in November, 1943.

WHO'S WHO

—BY STAFF WRITERS—

JOHN TINSLEY

J. (JOHN) L. TINSLEY was one of the first employees in the canteen where he began working as a helper on August 7th, 1941. He is now the canteen supervisor. J. L. was born in Brevard where he also attended school. He is married and has two sons, is conscientious in his work and is popular with the employee-public which he serves.

ETHEL MOORE STOVER

(MRS.) ETHEL MOORE STOVER, the friendly counter girl in the cafeteria whom you usually find neat looking and cool as one of the salads she serves, has been employed here since August 5th, 1941. Although Ethel attended school for awhile in Gastonia, N. C., before going to Rosman high school, she is a native of Transylvania county. She lives in Brevard and has a 13-year-old daughter. Two of Ethel's hobbies are reading and writing letters.

To Start Basketball Practice Real Soon

Much interest is being shown by both men and women in the coming basketball season. During the past season the two teams got off to a late start, but considering the short time they had to practice and the lack of playing experience the teams made an excellent showing.

The plan this season is to get basketball practice started early so our teams will be ready in time to play a full schedule of games.

Every one who is interested in playing basketball is urged to get in touch with the Recreation department. It is hoped that enough players will come out from the many different departments so that inter-departmental leagues can be set up in addition to having both a men's all-star Ecusta team and a girl's all-star Ecusta team.

Arrangements are being made to use the Brevard College gym again this season and as soon as the weather is cool enough, early fall practice will begin.

Walter V. Landeck

FROM PAGE ONE

Mr. Landeck has been Vice-President and also a Director of the Company. He devotes himself chiefly to the distribution of Ecusta products all over the world, of which he has made an outstanding success.

Mr. Landeck is constantly in touch with our customers and numbers among his friends all of the prominent officials of the tobacco industry.

Mr. Landeck visits us regularly, (although not as often as he would be welcome), and has made a host of friends here at Pisgah Forest.

All of us and especially we "old-timers" love and admire "Uncle" Walter, and we all wish him the best of luck and hope we will be able to celebrate his fiftieth anniversary together.

JOE DUCKWORTH

JOE DUCKWORTH is a veteran in cafe work, having worked a number of years with Galloway's cafe prior to his Ecusta employment which began on August 1, 1941. His first job here was as an operator in the canteen, but later he was shifted to the cafeteria where he is now assistant cook. Joe, who is always accommodating and likable, is a native of Brevard where he finished high school after transferring from Mars Hill academy. He is married, has children—one girl and two boys, and tells us next to sleeping he likes fishing best.

"Mommy," said a little girl, "I never see any pictures of angels with whiskers. Do men go to heaven?"

"Well," said the mother thoughtfully, "Some men do go to heaven, but they get there by a close shave."
