

# Birthday Party Given In Plant For "Uncle" Bill Heaton

## POPULAR WORKER IN MAINTENANCE IS 65 YEARS OLD

### "Uncle" Bill Is Still Going Strong. Large Birthday Cake Is Cut.

On Saturday afternoon, July 14th, a birthday party was given in the Maintenance department for "Uncle" Bill Heaton.

"Uncle" Bill has been with Ecusta since August, 1940, and is one of the best liked employees in the plant. He has just reached his 65th birthday, the age when many people retire and begin to take things easy, but not so with "Uncle" Bill for he is still vigorous and judging from his looks and physical condition and from what he has to say, he will be working at Ecusta for many more years to come.

Bill Heaton was born in Greenville, S. C., in 1880, attended school at Pelzer and Greenville and took a course with the International Correspondence school.

His first job was in a foundry sifting sand. He also worked in Atlanta, Ga., and Pelzer, S. C., and was at Balfour Mills as chief engineer for 17 years.

He is married and has five children, two daughters and three sons: Mrs. H. F. Hawthorne, of Anderson, S. C.; Emma Lou Heaton, Hendersonville; George Benson Heaton, Haskell Heaton, who is employed in the Machine Room and Lt. William "Mac" Heaton, who was a fighter pilot in the famous "Zemke" Wolf Pack, biggest scoring outfit in the European theatre. "Mac" was shot down while making his 70th mission. He was formerly employed in the Machine Room.

Many of "Uncle" Bill's friends attended the birthday party and a large cake was served.
