Accident Frequency This Year Is Lower Than It Was In '44

By H. E. NEWBURY

It is very pleasing to note that the frequency of personal injuries at Ecusta is much lower for the first nine months of 1945, as compared with the same period last year. The frequency rate is 3.2 at present, as against 10.1 through September of 1944 (this is based on the number of lost time accidents per million manhours worked).

The entire personnel is to be congratulated for taking part in such an improvement, and our experience proves that It Can Be Done. Accidents don't just HAPPEN—They are CAUSED—and personal injuries can be eliminated by THINKING.

We must remember that it's just as easy to do things the Safe way, as it is to do them the Unsafe way. Resolve now to make SAFETY a HABIT so that you will live longer and suffer less.

Injuries Should Be Treated Immediately

Here at Ecusta, Champagne and Endless Belt, numerous minor injuries are being reported from one to seven days after they occur. This is a very bad habit, as infections are dangerous and frequently occur when injuries are not treated immediately.

The First Aid station is open 24 hours a day and the nurse on duty will be only too glad to give proper treatment to even the slightest scratch or abrasion. You owe it to yourself to take advantage of this service, for after all, the person who gets injured is the one who loses and suffers most.

Here we are back again after a long absence. We welcome Staff Sergeant David Sams, of the U. S. Air force who was a P. W. in the European theatre, and Lt. Charles Glazener of the U. S. Navy who was in the Pacific area. We are happy to have you with us again.

Dr. Bryant is attending State college in Raleigh. Hope you have become acclimatized to the old grind again, Doc.

We are happy to have so many members of the Five-Year club—Frank Ferrell, Ulysses Bell, U. G. Batson, Ed Rothbauer, Lloyd Harris and Richard Moore—all enjoyed the last meeting. The rest of us are looking forward to enjoying this honor in the near future.

Ulysses (Bill) Bell has been busy digging the foundation for his new home, and J. O. (Speedy) Davidson is planning to do the same.

Now with the hunting season open, some of the boys are oiling up their guns. Happy hunting till next time.

Mr. T. N. Word, Vice President
 Ecusta Paper Corp.,
 Pisgah Forest, N. C.

Dear Sir:

I have been advised by the Secretary of Labor, Honorable L. B. Schwellenbach, that your plant has won the Certificate of Safety Achievement for the first six months of 1945 by virtue of the remarkable record you have made in the reduction of accidents.

I sincerely congratulate you upon this achievement, and I feel that it must be most gratifying to you and to your very fine organization.

With best wishes, I am
 Yours very truly,
 Clyde R. Hoey.

Mr. T. N. Word, Vice President,
 The Ecusta Paper Corp.,
 Pisgah Forest, N. C.

Dear Mr. Word:

I am advised by Hon. L. B. Schwellenbach, Secretary of Labor, that your company has qualified for the Labor Department's Certificate of Safety Achievement. I wish to commend you upon the reduction of accident frequency rate at your plant during the past few months and assure you of my interest in the splendid record being made by your company in this particular.

Sincerely yours,
 Zebulon Weaver.

Victory Loan Is

 said the Chinese were charging 200,000 yuan for taking a person for a ride in a rickshaw, the 2-wheeled carts they use for taxicabs. This, of course, made it impossible for anyone to ride except an American serviceman. The money is of little value because a bottle of beer costs 110,000 yuans and if you go to a nightclub it costs 160,000 yuans per hour to have a hostess sit with you at the table and 135,000 yuans for each small glass of tea she drinks.

Let's buy Victory Bonds and keep our money until materials are more plentiful and do our part to keep down inflation.

ADVICE TO THE LOVELORN

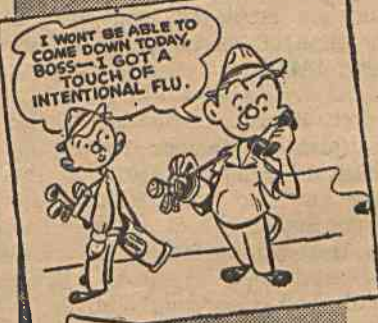

Say it with flowers, say it with sweets,
 Say it with kisses, say it with eats;
 Say it with jewelry, say it with drink,
 But never, oh, never, say it with ink!
