

# Employees Enjoy Varied Activities At Beautiful Camp Sapphire

## THEY REALLY HAVE FUN...

Hundreds of our employees have had a wonderful time this summer and fall enjoying the many recreational activities at our new and beautiful Camp Sapphire. In addition to many family parties and picnics, there have been a number of large departmental picnics.

Besides the various facilities which were already there when Ecusta purchased the camp, many more have been developed and it is possible for everyone to find some activity which will interest him or her.

Shown on this page are several pictures taken of our employees enjoying these many activities that include picnics, softball games, horseshoe pitching, square dancing, boating, shuffleboard, canoeing, bingo, musical entertainments, etc. One of the most popular features of the camp this summer was the swimming in beautiful Lake Sapphire.

Plans are going ahead for the further development of Camp Sapphire with the goal set of making it one of the most attractive playgrounds of its kind.
