Benefits Under The GI Bill Of Rights Are Broadened Good Deal

Liberalized rules on loans and education contained in the recently-revised GI Bill of Rights will affect many Ecusta Veterans. New features of the law include:

(1)—Removal of the requirement that tuition fees, unemployment compensation and defaults on loans be deducted from any future federal bonus.

(2) Increase in subsistence allowance for GI students from \$50 to \$65 monthly for those unmarried, and from \$75 to \$90 for those married.

(3) Expense - paid correspondence courses and short technical courses.

(4) Removal of the requirement that men over 25 must show that their education was interrupted to be eligible for educational benefits.

(5) Increase in maximum government loan guarantee from \$2,000 to \$4,000 on real estate.

(6) Easing up on loans by substituting "reasonable value" of property as the basic consideration, instead of "normal reasonable value."

(7) Additional purposes for which a loan may be used, and more time to back a real estate loan.

(8) Extension of benefits in the Bill of Rights to Americans who fought for allied governments.

The Personnel Department has complete information about all benefits provided for under the GI Bill of Rights and will be glad to make this information available to our Ecusta Veterans.

The Optimist Creed

Promise yourself—

To be so strong that nothing can disturb your peace of mind.

To talk health, happiness and prosperity to every person you meet.

To make all your friends feel that there is something in them.

To look at the sunny side of everything and make your optimism come true.

To think only of the best, to work only for the best and to expect only the best.

To be just as enthusiastic about the success of others as you are about your own.

To forget the mistakes of the past and press on to the greater achievements of the future.

To wear a cheerful countenance at all times and give every living creature you meet a smile.

To be too large for worry, too noble for anger, too strong for fear, and too happy to permit the presence of trouble.

—Christian D. Larson

Just For Fun

The proprietor of a Chicago restaurant had a very small appropriation for advertising purposes. He bought an enormous fish bowl, filled it with water, and put it in his restaurant window with a sign: "Filled with invisible goldfish from Patagonia." It took several policemen to keep the crowd moving.

"So your name is George Washington," mused a dear old lady.

"Yessum," replied the small boy.

"I'll bet you try hard to be like him, don't you?"

"Like who?"

"Like George Washington, of course."

"Ah cain't help bein' lake George Washington, 'cause dat's who ah is."

Wife: Honey, we lost half our kitchen equipment when our country cottage burned down.

Husband: Which was it—the can-opener or the cork-screw?"

Old Uncle Jeremiah was asked why he liked to talk to himself.

"Well," replied the aged farmer, "I like to hear a smart man talk, and what's more, I like to talk to a smart man."

During a rainstorm a vegetable peddler walking his horse and cart through the streets suddenly began shouting, "Hitler! Hitler!" A crowd of people poured into the streets and, seeing the old peddler, angrily demanded an explanation. "Well," replied the businessman, "if I shouted potatoes . . . who would come out on a day like this?"

"Darling," cooed the girl, "will you love me when I'm old?"

"Love you?" replied the boy.

"Why, I'll idolize you. I'll worship the ground under your little feet. I'll—say, you're not going to look like your mother, are you?"

IN A RUSH

A letter to a mother from her son:

Dear Mom—

We are all in a rush here and I can't write much, but when the baby is born, I will send you a telegram to let you know whether you are a grandma or a grandpa.

With love,

Jim.

BIT TOO FAR

Two American soldiers in Egypt lived for months on dehydrated beef, dehydrated milk, dehydrated butter and vegetables. Visiting a Cairo museum they saw their first mummy.

"This is going too far," said one.

"Now they're dehydrating women."
