

Camp Sapphire To Open On June 2nd

(Continued From Page One)

begin at 3:30 and will be played by the Pulp Mill team and the Champagne team, both of whom are members of the Transylvania Softball league.

Throughout the afternoon there will be a recorded musical program and at 5 p. m. our own Band will play a concert of beautiful melodies.

A moving picture, "Blondie in Society" starring Penny Singleton, Arthur Lake and Larry Simmons will be shown in the gymnasium beginning at 7 p. m. Similar programs, such as this, will be followed every Sunday afternoon this summer and we believe that the "family days" at Sapphire will be particularly enjoyable to everyone.

The swimming area at Camp Sapphire has been entirely reconditioned and is all ready for our opening day. As you know, the bottom of the swimming portion of the Lake has been covered with approximately six inches of beautiful white sand. Four new boats will be on our lake for the use of anyone who likes to boat ride. There have been many visitors to the camp already and they all have been delighted with the beauty of our lake, since it has been completed. Many say that it is the nicest swimming lake in Western North Carolina.

Several additional stone barbecue pits have been built in the picnic area and are now ready for use. Wood has been cut and is there so as to make it easy to build a fire. It is expected that many employees and their families will bring picnic supper to Sapphire, particularly on opening day, and they may be sure that the facilities are all ready for them. Our picnic area, of course, is open every day in the week, and you are welcome to use it at any time.

The tennis courts have been reconditioned and are now in excellent condition. Our shuffleboard courts are also ready and equipment is available for those who would like to play. Many recreational devices are available for children, such as swings, acting bars, etc. A new see-saw and a small merry-go-round are on their way to the camp and it is hoped will be installed by this opening date.

A special parking area has been provided at the south end of the dam which will provide convenient parking for all visitors. This parking area has been established in order that from a safety standpoint, no cars will have to cross the dam into the crowded building area of the camp. All of the buildings in the camp have been completely reconditioned. They

Trim Lines In A Casual Sweater

The saucy look and trim lines of this knitted sweater make it a perfect counterpart for your suits, skirts and slacks. Artfully simple in style—the casual mood is emphasized by the little round collar, fly front neck opening and brief set-in sleeves. The vertical stripes are bright—and who would guess they are woven in! For a decorative touch, five metal buttons close the front band, where the stripes are horizontal for contrast. You can knit this sweater in your favorite color, and wear it for beauty and comfort during hours of play or leisure. Obtain free instructions at the library.

have been nicely painted and special dressing rooms have been constructed. It will be possible, if you so desire, for you to leave your clothing in the Camp office, while you are swimming or enjoying the other available sports. In addition to the free lemonade the Sapphire Canteen will be open where you will find available cold drinks, ice cream, coffee, crackers and other such items.

Camp Sapphire will be open to employees and their families every day throughout the entire summer season. The camp will open at 10 a. m. and will close at 10 p. m. On evenings when company sponsored entertainment is in progress, the camp will close at a later hour. Life guards will be on duty and swimming is available between 10 a. m. and 12 noon, and between 1 p. m. and 7 p. m. During the hours between 10 a. m. and 10 p. m. all other camp activities will be open for your use.

APOLOGIES FOR MOUNTAINS

An artist who wanted a home among the Taconic Hills of Vermont was talking the matter over with a farmer who allowed that he had a house for sale. "I must have a good view," said the artist. "Is there a good view?" "Wal," drawled the farmer, "from the front porch, yuh can see Ed Snow's barn, but beyond that, there ain't nuthin' but a bunch of mount-tins."

Our Book Corner

(Continued From Page Four) manual, giving quick methods for performing work in carpentry and general woodwork. THINGS TO MAKE FOR THE HOME, an illustrated book giving full instructions for making them.

Not to forget the younger generation, we have BOYS' FUN BOOK with directions and illustrations taken from Popular Science Magazine, and for the still younger folks, TOYS EVERY CHILD CAN MAKE should afford many hours of pleasure and education.

SPORTS QUIZ

QUESTIONS

1. What fighters fought the longest fight in history with gloves?
2. What were Dempsey's ring earnings?
3. In what year did the ALL-STAR baseball series originate?
4. What year was night baseball introduced in the Majors?
5. How fast would Dempsey's 10-inch blow travel?

- ANSWERS
1. Andy Bowen vs. Jack Burke, fighting a total of 110 rounds—April 6, 1893, in New Orleans.
 2. \$3,062,079. (7 hours, 18 minutes.)
 3. 1933, played in Chicago, Americans won 4-2.
 4. 1935 in Cincinnati.
 5. 135 miles an hour.

PICK A PENNY

Pick a penny out of your pocket. Look at it carefully, and then see how many of these questions you can answer by objects you find on the penny:

1. A part of a needle.
2. What burglars pick.
3. What Patrick Henry wanted.
4. A connection.
5. Part of a harness.
6. Parts of a book.
7. A book of the Bible
8. A book by Lindbergh.
9. Found in a Post Office.
10. Big industrial combination.

Answers

1. eye.
2. lock.
3. liberty.
4. tie.
5. collar.
6. leaves.
7. numbers.
8. "We".
9. letters.
10. trust.

Here's one to make you think: At a fire, a fireman stood on the middle rung of a ladder directing water into the burning building. As the smoke diminished, he stepped up three rungs and continued his work from that point. A sudden flare-up forced him to descend five rungs. Later he climbed up seven rungs and worked there until the fire was out. Then he climbed the six remaining rungs and entered the building. How many rungs were there in the ladder?

Answer

There were 23. If the middle rung is labelled "zero," then the fireman went up three rungs to No. 3, down five rungs to No. 2 below zero, then up seven rungs to No. 5 above. Finally he went up six more rungs to the top.

So the top must have been No. 11 above the middle. Add to this the 11 rungs below the middle, and the middle rung itself, and the answer is 23.

A London lad on his first visit to the country came across a refuse pit in which had been dumped hundreds of old milk bottles. He started for awhile in amazement, and then called, "Come and 'ave a look. I've found a cow's nest."
