Finishing Touches Shift "A"

By LILLIAN ENLOE

Everyone seems to be enjoying this nice October weather, getting out their winter clothes and complaining about the cold. This seems to be the month that most people want to take their vacations.

Cecil and Frances Smith report a very nice vacation during which they did quite a bit of traveling.

We lost a lot of our shift to third shift this month. Hurry back, folks!

Floyd and Frank are back on our shift again. Also, we have several new members transferred to our department his month. They are: Bessie Smith, Barney, Sisk, Donna Smith, Velma Lakey, Mildred McClure and Clarence Williams. We welcome them to Finishing.

We are glad to welcome Opal Parkinson back. Sorry to have Dot Banning out from work due to her sister's illness.

Charlotte B. is back after a week's vacation.

Merrill, you should have been here on Thursday night as you could have seen yourself on the screen as the "air minded grease-monkey."

Ronnie, our advice to you is, buy a shot gun. You will find it much more effective than a pop gun.

Martha, when you start running into wild cats in the forest it is about time to drop the hobby of collecting butterflies.

Finishing won three bowling games from Champagne last week. Keep up the good work, girls, we're proud of you!

Maintenance Dept.

BY EMMETT CLARK

Most every one in the Maintenance Dept. has taken a vacation except a few that are saving them until they can get married. It is not long until "Sadie Hawkins Day" and there are several eligible bachelors left to run in the race.

I hear that Huggins went up to look over the coal mining situation and to see if anything had been done about the Indians getting their land back.

Tom Heaton bought a deaf and dumb coon hound the other week. Said that was the only kind of dog he would have, so he wouldn't be kept awake at night on account of the dog howling.

Horace DeBord has invited all Ecusta employees down to his place soon for a "sweet tater roasting." Said when moving one tater from the patch to the house it broke through the bridge into a ditch and he couldn't pry it out, so he has hauled in a couple of truck loads of wood and is going to roast it right in the ditch.

Pee Wee Freeman bought another rabbit hound the other day; said it would tree a cat. I didn't think the meat shortage was that critical.

Calvin Day is boasting a fine pair of twin boys at his house. Congratulations, Calvin, and thanks for the cigars.

Carl Vance, of the Electric Shop, also is the proud father of a baby boy, born October 12th.

Lace Lance and Jesse James report a nice trip to the Cherokee Indian fair.

Bob Sherrill has a brand-new son-in-law. Bob also bragged about making 27 gallons while off on his vacation. Now don't get all het up and ask him for a

drink, because it was "good ole sorghum molasses."

Mr. Ledbetter got into a yellow jackets' nest last week while cutting tops, but got away with only a couple of stings.

Shorty Hargis has completed a 7-year period with Ecusta without any lost time. Congratulations, Shorty, that is a very fine record.

Gordon Black spent his days off this week, farming.

Hamp Scruggs is strutting a Plymouth sedan now.

I. Wilson built a hog pen the other day and when he went out to round up his hog, he refused to go into the pen; and to think how critical the housing shortage is now.

Galloway is sporting a new flying cap.

Harry C. says he is going to keep the leaves swept off his walk, so no one will fall when they come to see him.

Pete Parker has raised some "Budweiser" plants. Now don't tell anybody, because he says someone might try to beat all the berries off before they get ripe.

We wonder if Kolor Bak got his whistle back; seems that he had it taken away from him the other evening when he blew it at the wrong time.

We never used to be able to find Grandma's glasses, but nowadays she leaves them right where she empties them.

Canteen-Cafeteria Chatter

By ANNE KITCHEN

Cold weather has about caught us again. Here's hoping everyone is enjoying this beautiful fall weather.

Hal and Elaine were all smiles on Monday, seems the reason being that their dance team won first place at the Hendersonville fair last week.

Seems as though Helen is making too many trips to the Cherokee fair; also Divola and Bill attended the fair last week.

Ethel Stover is in the Biltmore hospital. We miss her very much and hope she has a speedy recovery.

We hear that Mrs. Cox is still in Augusta with her husband. Here's hoping that he will soon get well.

Bessie's brother and sister-in-law from Pickens, S. C., visited her last Sunday.

Bobbie's friend is home now and from all reports Bobbie is going to take flying lessons soon.

Ralph and family were visiting in Canton on Sunday.

We are sorry to lose Ollie. She is now working in Endless Belt.

Banther reports a very enjoyable vacation.

We welcome to our Canteen a

Inspection News

By BUVÉE CAPPS

Well, news is still hard to find, but in digging we have rounded up some.

There are several new faces in the Inspection Dept. this month: Wilson Young, John Price, John Thomas Ward and John Harrell, Jr., What I want to know is, how are we going to tell all these "John's" apart?

D. L. Moore, Gordon and seems like everybody else have baseball fever, but we notice some have it worse than others.

Wonder why Earl didn't work Sunday? Don't try to pull a wedding on us, Earl.

Rastus got his vacation fixed up O.K. after trying to come in to work.

We miss Bessie, Reba and Sadie since they have been transferred to Finishing, but good luck, girls.

Cigars! Cigars! 10c each! But if anyone wants a cigar free, just contact Woodfin Gosnell or Ernest Cagle. They seem to be very generous. Woodfin is the "proud papa" of a son, and Ernest of a daughter.

"Butter" Smith is sporting a new Chevrolet truck. Wonder how he rated that?

Claude G. says he can tell anyone who wants to know his nationality, if they are interested enough to ask.

Red says that he will be glad when meat gets more plentiful so Rastus won't have to eat so much spaghetti.

Almond H. is our new salesman; if anyone wants any Watkins products, just see him; at present he is out of soap and washing powder, so don't rush him too fast.

Glad to have Juanita back after an absence due to the illness of her mother, who, we are happy to say, seems to be much improved.

It's strange that John Price awakes so early, being accustomed to working days. He says it's too late to go back to sleep, and too early to get up. Poor John!

Burless and Spurgeon are in the high ranking class with Red Cagle. They have rented a steam heated room in Brevard.

Craig S. came in the other night looking awfully happy (not sleepy). When we found out the details, we learned that he got married! Well, congratulations, Craig!

The deadline is here, so if the cigar smoke doesn't put out our eyes, we'll see you again.

new helper, Tommie Grogan.

We are glad to have Olivia back as we certainly missed her when she was gone.

Joe Corbett and Mr. Perkins have been attending all of the football games this season. Wonder why?

So long now, we'll be seeing you around the corner!
