the origin of many of these names. Some have been names for individuals, others from the physical appearance of the mountain, while others have been given Indian names. A few of those in the latter class are: Mt. Yonaguska (the bear drowns him), Big Cataloochee (fringe standing erect), Inadu Knob (snake), Soco Bald (ambush), Wayah Bald (wolf place), Tusquitee Bald (where the water-dog laughs), Unaka (white), Tellico (the meaning has been lost), Cowee (place of the deer clan), Cheoah (otter place), and Cartoogechaye (new-settlement place).

### FISHING ON THE DAVIDSON

(Continued from page 24)

In regard to bait, we wish to point out that any type of artificial bait is permissible, and also any type of live bait you might wish to use except GOLD FISH or BALTIMORE MINNOWS. The reason for the ban on gold fish or Baltimore Minnows is because these fish multiply so rapidly. Should any of these manage to get loose in the Lake, in due time they would become a menace to our fishing at Sapphire.
