

DEPARTMENTAL NEWS

FILM DIVISION

The two youngsters above are the children of Mr. and Mrs. Homer Blythe. Linda Kay is 3½ years old and Steve is 7 months old. Homer is employed in the Film Division Maintenance Department.

TECHNICAL

By Jack McCall

This month has been vacation time for some of the fellows.

Jack Fenwick toured the State of Florida.

John Parker also vacationed in Florida. He visited relatives down Frostproof way.

Cleaves Johnson went to Ohio on his vacation.

Jim Furr looked as if he had been vacationing for a couple of days. That sure was a fine case of poison ivy, Jim.

Burt McCall is said to have gone into the chicken business. Clarence West is helping him with it at every opportunity.

All the fellows on "D" shift want to take their vacation the day Frank Blaylock returns from the annual ramp eating convention.

The softball season is off to a grand start. Everyone is enjoying it this year.

J. C. Higgins and Howard Tiger have been doing some car trading.

Jim Winget has been tying some of what he calls Kenny Hackles—they couldn't have been made of live-bait could they, Jim.

Hubert Bryson, Ernie Maney, Henry Purgeson and Bob McGuire took a fishing trip to Fontana

Dam recently. They brought back some unusual pictures of their catch.

Does anyone recognize the day-aisle chow call—"Come on Georgie".

"Shorty" Roberts has bought another car. This one is so long it is hinged in the middle for curves.

Albert Arnette is planning to paint his car some other color, so people won't follow him looking for a fire.

Some foreign names found in North Carolina are: Belgrade, Belfast, Cairo, Naples, Quebec, Japan, China Grove, Holland, Alaska, Scotland, Arabia and Burma.

SHEETING AND SHIPPING

By Agnes Gash

Charlie and Eugene have a new haircut that is guaranteed to cure a "water-logged" brain.

Jeanie is all prettied up these days for a trip to North Greenville. Kadez should be very proud of you.

Tommy and Bob spent the weekend in Cherokee recently. (It was their second honeymoon.)

Seems that "Bit" Masters is contemplating a trip to S. C. What's the matter, Bit?

Happy Birthday to "Mickey" Tinsley. She says she is only one year older than she was this time last year.

Our sincere sympathy to Ellis Revis in the recent death of his father.

Glad to report that Becky is feeling much better and is able to be back to work after her illness.

We are sorry to loose Willie D. She is now devoting all of her time to being a housewife and mother. Willie, we are really missing you.

Seems that the sheeting and shipping area is almost like a recruiting center. Here today, gone tomorrow . . . We have lost Bill Paris to Slitting, and gained the following new fellows: Robert Miller, Thomas Heath, Franklin Nanney, Grady Ashe, James (Silent Sam) Schreiber, and Walter Clark.

We are glad to welcome Inez McDaniels who transferred from Finishing—Paper Division.

Ralph had to leave us for a half-day. Said he had to bury a cow that barely died.

Wonder if the new spring fashions have anything to do with Bill H. and Jack K.'s daily trips to the scales.

Congratulations are in store for Troy W. and "Sinbad". Thanks for the candy, fellows.
