## Ridge

FROM PAGE ONE—

Here is one for the psychology department to analyze. A good looking junior, female variety, had to walk to Merrimon avenue the other day. She counted some thirty cars that passed her without one offer of a ride.

We have several professors who take nature walks, but very few 4'11" females get their kicks by walking one half mile with an arm load of books.

The basketball season gets rolling tonight with the Bulldogs tangling with an alumni team composed of some fine talent. This alumni talent will be offset by a coach who must have escaped from Carolina he is so bad. If you don't like basketball, come anyway. You can always laugh at their coach.

To whom it may concern: There has been a growing list of students complaining about inadequate public telephone service on campus. The one public booth in the student center is frequently used by some students who spend ten to fifteen minutes on the phone. Since there will always be those few who abuse this privilege, it has been suggested that another phone be placed in the student center for public use.

## FOR WHAT IT'S WORTH DEPARTMENT

Why not place a sidewalk on either side of the student center building so that students can go from the Humanities building to the gym without fighting the mud or going through the cafeteria? It would save a lot of shoe shines.

## NEEDED: ONE BEANIE FOR SPECIAL PROJECT

Contact Charlie Medd if any junior still has a beanie in good condition.

CONCERN is mounting among the growing list of veterans on this campus over the administration's requiring any veteran planning to graduate here to take physical education. The state universities do not require physical education if one has completed his military service. Why should A-B?

Goldwater's defeat:

"Goldwater was defeated through lies, deceit, the wholesale buying of votes by poverty programs, Civil Rights programs, relief, and give-away gimics. He was misquoted, slandered, and his statements highly exaggerated. His ideas were completely misconstrued by news media directed from the White House.

No other presidential candidate that was honest and sincere about returning America to the principles this nation was founded upon has been called more names and slandered more than Goldwater. He was defeated by emotionalism and lack of information.

## game watch sunday

The SGA and the "Ridgerunner" will co-sponsor the watching of the Notre Dame-Michigan State football game in the Student Center lounge Sunday, Nov. 20. The Center will be open at noon. Cokes will be supplied by the two organizations.

To destroy the western tradition of independent thought, it is not necessary to burn the books. All we have to do is leave them unread for two generations.
