LIVE AT BILL GRAHAM'S
FILLMORE WEST,
Columbia, CS 9893

Blues, Blues, and more Blues with the sounds of Bloomfield, Taj Mahal and others. Recorded live in Frisco during January and February of this year.

THE HEAD SHOP,
Epic, BN 26476

Their music has a haunty devilish sound that sounds as if it was written by Rosemary's Baby. Their album is way out and a must. Time means nothing when you listen to THE HEAD SHOP because time is a part of the non-existent past, the future is in the sound.

THE PACIFIC GAS
AND ELECTRIC,
Columbia CS 9900

There is nothing about the album that is a gas except for the group's name. The album is basically soul and blues except for Rabbit on side two.

The group made up of Charlie Allen, Brent Block, Tom Marshal, Frank Cook, Gleen Schwartz is a hodgepodge of races, religions and beliefs but they have one common ground on which to walk—music. If blues and soul are for you then try their path, Pacific Gas and Electric.

THE DISCOUNT TAPE
AND RECORD CENTER has all these records and more. If you cannot get down to see them, call 252-0432 and your records will be delivered to you at the Central Dorm between 6 p.m. and 7 p.m.

Failing may be just around the corner for you. If so, there are ways to remedy the situation.

After accumulating six semester hours of failing work, the student is given a warning. This procedure allows him to consult with his advisor, who can review his schedule and revise his study habits.

If the student continues to fail and accumulates 12 semester hours of F or WF, he is suspended for two terms. Some are "scared" into doing better work. This time away from school gives the student time to think over his situation and

correct his mistakes.

A freshman may fail simply because he is not acquainted with the system. If he fails courses in the first two terms of enrollment, he can remove an F for every three hours of passing work in the succeeding terms.

Up to 10 hours of F may be removed by retaking the course. After failing 18 hours of work, the student is dismissed because in most cases the student is not capable of doing college-level work.

This whole system enables the student of UNC-A to concentrate his time on learning, rather than grades.

Their music has a spiritual feeling, and God is it a feeling. It feels like you are in it with them. James Frank Calire's banging of the keyboard has such a stabilizing beat that you almost forget about the bass, but don't worry, it is there.
