Officer of the Week DON KIRCHNER

Don Kirchner is the campus policeman of the week this week. Don comes to us from Dayton, Ohio. Don is 42 years old and joined the force in August of 1975. Don received an A.A.S. in criminal justice from the University of South Carolina.

Don went to school after retiring from the United States Navy following twenty years of service. In the service, he held the rank of Chief Petty Officer. He was

an Aviation Instructional Mechanic. In his latter years in service, he served in Vietnam.

Don is a happily married man. He and his wife, Nancy, have a beautiful fourteen-year-old daughter, Patricia.

Don spends his spare time with his cars, garden and chickens. He is presently making a dune buggy. In his garden, he raises corn and potatoes. He raises chickens and sells eggs for 60 cents a dozen.

Infirmary Hours

(Ed. Note: We printed this two weeks ago. Since that time, several members of the staff plus quite a few other students have contracted terrible and hideous colds. "Nurse" Shorb has been tremendous in helping ease our discomforts from this ghastly series of victims falling prey to the common cold. If you get a cold, let her help. It's not charity. Your tuition helps pay for the service.)

Many students come to the infirmary during the school year and say they did not know about health services; did not know doctors came to campus; and do not know what is available. If you do not know about the infirmary, please clip this article and file it with your reference materials.

Nursing service is available at the infirmary from 8:00 a.m. Monday through 8:00 a.m. Saturday. The infirmary is closed weekends, but if anyone needs medical help, call a school doctor, contact a campus police officer for help, or go directly to the hospital emergency room.

There is no charge for infirmary services if you are a registered student. Overnight stays, medications, treatments, or visits to the school doctor at the infirmary are covered by your health fee. All matters discussed are confidential among the medical staff and are not disclosed to outsiders except with your permission. If you are sent to a doctor's office, given a prescription to be filled, or go to a laboratory, or have x-rays, charges are made by the departments involved. We do not have a x-ray or laboratory facilities, so this is not a full-service infirmary.

Infirmary open hours. Although nursing service is available 24 hours during weekdays for emergencies that cannot wait until open hours, or occur after the infirmary is closed, the hours open are liberal, enabling students to come for all illnesses except emergencies.

MONDAY	8:30 a.m. - 7:00 p.m. (except for lunch) and 7:00 - 9:00 p.m. each day
TUESDAY	9:30 a.m. - 6:00 p.m. and 7:00 - 9:00 p.m.
WEDNESDAY	8:30 a.m. - 6:00 p.m. and 7:00 - 9:00 p.m.
THURSDAY	9:30 a.m. - 6:00 p.m. and 7:00 - 9:00 p.m.
FRIDAY	8:30 a.m. - 6:00 p.m. and 7:00 - 9:00 p.m.

If a nurse is not at the infirmary during scheduled times, a note on the door will explain and give the time of return; if a nurse is gone because of illness, and a replacement cannot be found, there is also a note on the door, and Vance Hall and the campus police are notified.

Doctors at Infirmary:		
MONDAY	8:30 - 9:30 a.m.	(students must be here by 9:00 a.m.)
TUESDAY	4:00 - 5:00	(students must be here by 4:30 p.m.)
WEDNESDAY	8:30 - 9:00 a.m.	(students must be here by 9:00 a.m.)
THURSDAY	2:00 - 3:00 p.m.	(students must be here by 2:45 p.m., and Dr. Ransmeier will resume Thursday visits October 27th.)
FRIDAY	8:30 - 9:30 a.m.	(students must be here by 9:00 a.m.)

(Monday, Wednesday, Friday, Dr. Claude Steen and/or Mr. Robert Jackson, Physician's Associate. Tuesday, Dr. Edith Hapke)

Few Western Carolina University students make use of the infirmary services, and they are urged to do so.

The evening nurse is at the infirmary 16 hours per day, with 8 hours on duty and 8 sleeping hours. Except for real emergencies, which is the reason she is here during the night, she is expected to be able to sleep.

All students who need to come to the infirmary after it is closed must contact a campus police officer or proctor first if they are dormitory students. The infirmary is called before a student is brought over. Town students must call the infirmary directly before coming.

IMAGES INTERVIEW

-What are your plans for "Images" this year?
-I hope to come out with three issues, two newspaper style, to be printed in November and April, and a formal issue with colour and better quality reproduction in March.

-What type of programs do you have in mind?

-We will be co-oping with the French Club to bring two Cocteau films to campus this winter. Before the films, refreshments will be served with a gate of one original poem or other art piece. A poetry reading will also be held which will be used for the poetry-spot at WUN-F. By this we will integrate a variety of purposes into one program aimed at broadening the scope of the arts at UNC-A.

-Where should someone submit work or volunteer for the poetry or events staff?

-Through the "Ridgerunner", care of Erwin Cook, or by contacting Lary Brew, my journal editor at 254-9080. We'll keep you posted on the events through posters, WUNF, the Weekly Bulletin and "Ridgerunner". All interested in "Images", contact me ASAP.
