

SPORT SLANTS

By James Sturgis May

The basket-ball team is winning its share of games now, as was predicted at the first of the sea-

son. When the team plays on a small court like the one they practice on, they go just like a house on fire; but when they get on one of any size it is harder for

them to find the hoop. Before the season is over, however, it is believed that the Brevard boys will be a thorn in the side of their contestants in any of the games that they may play.

Just a little reminder: We play the Mars Hill team next Tuesday night up at the Brevard High School gymnasium, and from all reports it seems there will be a good crowd on hand to welcome the Baptists and to cheer our own team on to victory.

Since the team has been re-organized, it appears that the changes have helped and that the team is now playing more consistent basket-ball than it has played this season so far.

Captain Rogers is leading the scoring at present with fifty-three points, while Hyatt and Stubbs are following with forty points each.

Members of the squad and points scored for the season:

Rogers, Captain	- -	53	
Stubbs	40	Hyatt	40
Kiger	29	De Shaw	21
Cauble	13	Speas	7
Edwards	4	Tweed, S.	2

This is taken from the official scorer's book.

Comment is being heard over the campus that the two literary societies are going to have a basket-ball game, but when and where? This department has checked up on these reports and can get no satisfaction as to the date of this contest. The answer may be at any time when you are not expecting it. This will create a good bit of excitement, and more students will have an interest in this game than any other on the schedule this year. Start talking and let's have this game soon.

Coach Ranson told about an interesting sports contest the other night that you smokers might get in on. Twenty Grand

Tornado to Meet Greenies

Brevard Tornado Trounces Biltmore

Coach Ranson's Golden Tornado hung up another victory in its basket-ball campaign last Saturday night in defeating a strong Biltmore College team by a margin of two points, which were racked up in an extra period of play. This is the only contest this season that the Ranson men have had to play an extra period to determine the winner.

Coach Bobby Hipps' Bulldogs were as powerful as was expected, and they displayed some of the fastest playing the Tornado has experienced this year. Kiger and Stubbs were outstanding for the locals, Stubbs scoring twelve points to be high scorer for the evening for either team, and Kiger starring in the final minutes of play to rack up three free shots to account for the desired margin of victory.

Herman was outstanding in the Bulldogs' lineup, with five field goals and one free goal for a total of eleven points to his credit.

Faculty Versus Varsity

Coach Ranson and his comrades who compose the male faculty members of the Brevard College staff will play the College team here February 19 at the high school gymnasium.

Coach and Mr. Bennett will lead the faculty, with Deans Buckner and Andrew filling in gaps. Mr. Bennett is the main stay of the faculty lineup. In college at Wofford he used to be a center who could really find the hoop. Coach himself should give his own team a nice time trying to hold him back.

The receipts from this game will go to pay for sweaters for the lettermen on the basket-ball team this season. This game will be very good, for the laughs alone. The admission for the contest will be twenty cents to everyone.

Cigarettes offers several new watches daily to the people who will send in the best sport question for the week. The watches are valued at sixty dollars. This might be worth trying for. What?

Tornado Expects Eusy Week

Coach Arthur J. Ranson's Golden Tornado will be exceptionally busy for the next week when they meet the Mars Hill Lions and the Erskine Frosh here in Brevard.

The Lions will be the first opponents that the Tornado will meet, on Tuesday; and on Thursday the Brevard team will encounter the strong Erskine Frosh Quint from Due West, South Carolina.

In the previous games when the Tornado met these opponents they were defeated, in the Mars Hill game by a wide margin and by a closer one in the initial contest of the season with the Erskine cagers.

The Tornado will be in fine shape for these two games after prepping continually for the contest for the Lions for the past week.

The probable starting lineup for the contest Tuesday evening will be as follows:

Brevard		Mars Hill
Rogers	F.	Roberts
Kiger	F.	Chatman
Stubbs	C.	Cowan
Hyatt	G.	Brantley
De Shaw	G.	Alexander

Team in Tip-Top Shape

The Golden Tornado of Brevard College will meet the Christ School aggregation Saturday night at 8 P.M. at the Christ School gymnasium.

Last minute reports from the Greenies show that they have one of the fastest teams that the B Team cagers for Brevard College have met this season. The Tornado won the first game with the Greenies several weeks ago by a good margin, and another victory is predicted for Saturday night.

The Christ School basket-ball quint during the present season has lost only two games, the first of these being to Brevard College and the other to Biltmore Junior College.

Pickelsimer is the star of the Greenies' team and, from all reports, will keep the Golden Tornado busy holding the score at a low ebb.

Ross Hall Gossip

Jersey and Eastern North Carolina. Howard said he would handle messages between Charlotte and Brevard for the students free of charge, with the understanding that he will be under no obligations except to try his best to get the message through. Don't write; "radio," because it will be much quicker.

Hiram Adkins puts part of the boys in Ross Hall to sleep each night—hypnotism is the answer.

John Maugans is the new assistant dean at Ross Hall. Don't worry, Sarah; maybe he won't get grey-headed.

Sam Powell has a crush on a girl back in Polk County by the name of Kate. Sam won't even talk to the "Biddies."

A cyclone from across the hall struck A. T. Nash's room Tuesday. A. T. doesn't have the pegs back in the furniture yet.

F. C. Bunn and Broughton Smith suffered severe injuries to the feet. The injuries were sustained from a hike to Connestee Falls.
