Advice To

join one or the other. At Brevard college there are athletics including football, baseball and basketball and here is one sport where student backing is really helpful. Brevard puts out teams in every sport that usually lead the Western North Carolina junior college conference and with the student body behind them, they can win 'em all. There is also a marching band, organized last year, that adds color and spirit to college life.

My advice is to get interested in everything going on around the place. Stick your nose into every club and organization and when you find your interest, give it all you have and help build fun, friendship and good will all over the campus. There is more to college life than meets the eye. All you have to do to get the most out of it is to open your eyes and look around.

If you like to write, get on either the staff of the Clarion or the Pertelote. Not only will you find it interesting work, but if you

They are: Betsy Bowman, president, of Marion; Reid Gilbert, vice-president, of Franklin; Jean Eaker, secretary, of Charlotte; and Jerry Crawford, treasurer, of Greensboro. The club decided not to elect one stage manager for the year, but rather that they would elect separate ones for each production.

On Wednesday night, the Mnemosyneans, one of the literary societies for girls, held their initial meeting for the purpose of formulating initiation regulations for new members. This program will be carried out in the immediate future.

Miss Add Lea Morgan called a meeting of all club presidents on Wednesday afternoon. During this meeting, the social calendar for the year was worked out, and it will be posted on the bulletin board in the administration building as soon as possible.

Watch the notices on the bulletin board for further information as to club meetings and election of officers.

can't write now but want to, you won't have any trouble learning how.

There are dozens of clubs and activities at Brevard college, all for the students. If they are to serve their purpose, it's up to the students to make them work.

"I don't like the food we get here," you may say. What do you expect, home cooking? It's the lack of home catering that makes some dislike college chow and once this is overcome, your gripes disappear pretty fast. Look for the good things — not the bad.

Yes, college can be wonderful if it's given a chance. Learn the names of everyone you meet and always greet them with a smile. Help others overcome homesickness where it might occur and make everyone feel at home.

If you don't believe college can be a wonderful experience, just stick it out for a while. I'll wager that by Christmas there won't be a one of you who will want to leave. If you work together, and do some constructive thinking and acting, Brevard can be a place you will always love. It isn't hard. After all, you have about 400 other students to help you.

some reason or another, and she cannot go on with her college career unless some means is provided so that she can obtain the essential \$10 monthly.

If the students of Brevard college are willing to help this worthy girl, they can make contributions of any amount in the bank set aside for this purpose in Dean J. J. Stevenson's office. All donations will be turned over to Beulah promptly as they are received, and the students of the college will have a sense of self-satisfaction that they have helped someone who was a little less fortunate than they.

WORRIES "MOTHER" CAT

MOSCOW—Antics of one of the younger members of her family have driven a good-natured mother cat at the Moscow zoo to the edge of a nervous breakdown. It's an ever-continuing puzzle to her as to just how her smallest "offspring" can scamper along the ceiling of the cage they live in without mortal danger. But just wait till she sees him crack a nut. For the baby is a young orphaned Russian squirrel.

CAP-NAP BREAKS ARM

MEMPHIS, Tenn.—E. L. Frayser "cat-napped" at the wheel while driving home from the office and awoke with a broken arm. The car didn't have a scratch, but a mailbox had nagged his elbow sticking out the open window.
