

# Tornadoes Vs. Warren-Wilson In Homecoming Game

## Softball Intramurals Over - Kafitz Kats Victors Over All

The intramural program here at Brevard college has really started off with a bang. First of all, all the boys were divided into four teams headed by members of last year's Monogram club. The teams are Haas' Horses, Nesbitt's Nebs, Cassady's Crusaders, and Kafitz' Kats. These teams are divided up so the games won't be so lopsided and the competition will be much keener.

Softball was the first sport on the docket of intramural events. These games were enjoyed by all who attended, and as it has been said, the competition was very keen. Many of the games were won or lost by one run.

Rapid Robert Bowen, who is known around softball circles here to have a sizzling fastball was beaten twice, much to our surprise. Kafitz' Kats ran away with first place with three victories and no defeats, a fine record. Nesbitt's Nebs came in second with a record of two wins and one setback. In the third place position we find Cassady's Crusaders with a record of one win and two losses. Last but not least we have Haas' Horses, who had a good team, but just didn't hit the win column. Their record was no wins and three defeats, and I might add all three games were lost by one run. It was overheard the other day that Joe said, "Well, my faithful horses don't feel bad. Al Lopez' Indians lost four straight to the Giants and we

at the Law School of the University of California.

It was in the course of his work for the Court of Last Resort that he met James Mathers and heard from his own lips the story of Mathers' remarkable law practice in the Oklahoma Territory at the turn of the century, retold in "From Gun to Gavel" just as he heard it from Mathers himself.

## Let's Sock Warren-Wilson With Soccer

Hey! Dribble with the inside of your foot! Good, now trap it and reverse the dribble. Nice foot work! Let's see you kick it—hard! Well, it takes time.

These strange remarks are becoming more and more familiar as the game of soccer gains increasing popularity on campus. Interest in soccer has been stimulated through physical education classes (and calisthenics?). The formation of a varsity soccer team is now in progress, and practice sessions are officially under way. This team already has a game scheduled with Warren-Wilson for the Friday of Homecoming week end. Will we beat 'em? Only time and points will tell.

There is a little man on campus who will spark the "Tornado Toemen." This young man is small of stature, but faster than greased lightning on the soccer field. We are speaking of Harry "Tricky Toe" Cho. There will also be ten other sure-footed men on that team; each one as important as the other. Keep your eyes open, because these boys won't be standing in one place very long.

Do you think you would like to participate in this sport? Really? Well, all you have to do is go to the coach and tell him you are interested. Then show your interest by attending practice sessions every afternoon at 4:30.

Remember! We must "shine" at Homecoming, and everyone must co-operate and participate in order to "shine." The soccer game will be played. Our team will be kicking their hearts out for us. Will we be yelling our hearts out for them?

scattered our losses around just a bit."

Well fans with soccer coming up, it should be really interesting not to see who wins the most games, but who gets their shins bruised up the worst. By the way, these aren't closed sessions, so turn out and really have a great time.

## Tysinger's Greens Undefeated—Next To Be Scooter Hockey

During the past couple of weeks the girls have been participating in intramural volleyball. The WAA board has divided them into four teams. The red team, with Armintha Barber as captain, the Blue with Jo Gourley, the yellow with Pat Lackey, and the green with Sally Tysinger.

The green and red teams started the contest off with the green winning, 41-17. The second game was between the blue and yellow in which the yellow won, 22-16. The result of the blue's against the reds was 36-33. The fourth game between the green and yellow was pull and tug all the way but the green team was the victor with a score of 34-28. The reds and yellows tangled and tossed awhile with the yellows finally winning. The last game of the contest was between the green and blue, the score being 48-19. Through the fine cooperation of all the members of the green team and led by captain Sally Tysinger, they stand undefeated.

The next intramural sport to be taken up is scooter hockey. This game, a combination of ice hockey and girls basketball rules, is played on a regulation basketball court with the players seated on a 12" by 12" platform on wheels and using a wooden puck which is struck by a wooden paddle. The object of the game is to make a goal as in ice hockey. There are six players to a team and the game is timed by six-minute quarters.

Intramurals spell fun and fellowship at its finest so let's all support our team to the best of our ability.

## Miss Roller To Direct Various Activities

A very interesting and informative physical education program for women is in its creative form of the college campus under the capable leadership of the new women's athletic director, Miss Lib Roller, who hails from Nashville, Tenn. Miss Roller received her B. S. degree from Peabody college, Nashville, Tenn., with a major in physical education and dramatics. She won her Master of Arts in recreation from New York university, and her Master of Education in Industrial Arts from Peabody.

During World War II Miss Roller spent two years in the Waves as recreation specialist. Miss Roller is employed during the summer as assistant director of Camp Andree in New York state.

She announces that the WAA intramural sports program planned for this year will include volleyball, speed ball, basketball, softball, tennis, archery, badminton, table tennis, and bowling. There will also be periods for instruction in any individual sport in the afternoons.
