- SONG OF PEACE Jean Langlais
- BALLADE IN C Joseph Clokey

The WAA has selected the following girls for the honorary basketball team: Joyce Clark, Patsy Greene, Linda Taylor, Brenda Salter, Carol Padgett, Mary Ellen Henley, Jackie Cabe, Brenda Golden, Barbara Parks, Jo Gail Garner, Jane Royster, and Dianne Wallace. Other games are to be scheduled, but there is nothing definite.

Your WAA members will soon be distinguishable in their new white jackets. These jackets have been ordered and will have blue lettering and blue knit collar and sleeve cuffs.

The future plans of the WAA include the forthcoming volleyball intramurals starting next semester.

Clio Order 1961 Club Pins

The Cliosopic Society recently placed orders for the Clio pin. The pin has the design of a gold shield with a sword through it with 1961 written on the guard. The pin is 10K gold with gold lettering on a black background. The lettering is "Kappa Lambda Iota Omega." Another order for pins will be placed in the near future. The officers for the Clio Society this year are as follows: President, Ed Brewer; Vice-President, Andy Thornburg; Secretary-Treasurer, Patrick Houston; Sergeant-of-Arms, Mike Dunn; and Chaplain, Johnny Riddle.

Club Corner

The Mnemosynean Society met January 9 for their monthly meeting. Plans were discussed for the annual Valentine Dance, which is sponsored by the Mnemosynean and Delphian Societies. Barbara Beverly was appointed to work as chairman of the Decoration Committee for the dance and Brenda Powell was appointed as chairman of the Refreshment Committee.

A committee was appointed to select pins for the Mnemosynean Society. The girls appointed to this committee were Gayle Johnson, Patsy Reese, Phyllis Voigt, Brenda Salter, and Martha Barrette.

The By-laws committee of the Delta Phi Chapter of the Phi Theta Kappa met Monday morning in the art room. The committee discussed the rules of the present chapter and decided to let the Faculty Award Committee help the club choose the new members at the end of the semester.

New members are chosen on the basis of scholarship, leadership, and character. Each member must be in the upper ten per-cent of the student body, taking fifteen hours of the arts and sciences, and show leadership qualities about the Brevard Campus.

This committee discussed the ways in which the club could be improved this year and in years to come, as well as the annual trip to the Biltmore estate, rules of the club, and the banquet initiating the new members.

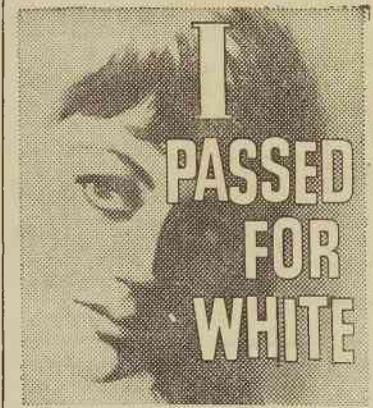

The committee consisted of Ilena King; Dorothy Hunsucker; Gene McGaha; and chairman, Marie Teele.

Alan Wallace

(Continued from Page One) years Mr. Wallace conducted Public Speaking classes for his business associates.

Mr. and Mrs. Wallace came from Glencoe, Illinois, a suburb of Chicago, to live at High Rising on the Greenville highway. "One visit in Brevard convinced us that we would like to become permanent Tar Heels in Western North Carolina," said Mr. Wallace. In the short time in which they have established their home here, they have made a wide circle of friends and become active in community activities.

Read A Newspaper

New Year's resolutions are a little obsolete now that we are members of that great and intellectual group known as "students". However late it may be — I'd like to suggest just one resolution that would be profitable as well as enjoyable for all of us. "Read a newspaper, a good one, every day."

Of course there has always been a lot of discussion about the problem that college students are not aware of contemporary problems, they have little or no concept of current affairs. This will not, I grant you, guarantee you an "A" in social studies, nor will it assure you of those extra points in psychology — but the point is — history is being made! We are living in a terribly advanced age, one of "Men in Space", of money moving at a terrific velocity, of wonder drugs and miracle lipsticks, and such atrocities as "Huckleberry Hound" and "Lady Chatterly's Lover".

I am certain that if you do not know that William the Conqueror was responsible for the Battle of Hastings — and is not a wrestler who unmasked the great "Bolo" — you will never know it. However, it is not easy to excuse students who, in a survey quite recently, stated: That Castro is the capital of Cuba; that Carmen de Sapio is a Salvation Army worker; that a missile is an arrow that didn't hit the target. (while this sounds quite logical); or that Governor Faubus is a rock n' roll singer-confusing him with Fabian. Also it has been discovered that college students do not know the capitals of the fifty states. Two questioned didn't even know that the national capitol was located in Washington, D. C.

While much of the news can be seen or heard on one or other

of the audio-visual media, it is impossible to include more than the most important national news, with a small amount of local gossip and prattle. The newspapers, however, include the major stories of the day, as well as the minor ones, and the human interest stories.

It would be impossible to say for certain just how profitable this resolution could be to you. For instance — you might find stories of fabulous discovery of Greek or Etruscan artifacts (points, at the least, from Mr. Dubois). Perhaps you can learn about a new type of psychoanalysis — maybe add a point in psychology. There will be definitely much to interest the students of government, sociology, religion, and economics. Who knows? Maybe you'll win "College word".

LOST & FOUND

- Found:
- Girl's brown knit gloves
 - Man's brown leather gloves
 - Gray hat
 - Boy's shirt (left after glee club tour)
 - Boy's gray coat
 - Blue cap
 - Assorted keys and fountain pens
 - Girl's white bulky knit sweater
 - Boy's light blue wind breaker
 - Girl's black umbrella
- All these may be picked up at the reception desk in the Campus Center Building.
