Volume XXXIV

BREVARD COLLEGE, BREVARD, N. C., FEBRUARY 17, 1967

Number 15

THE SWEETHEART of Brevard College will be chosen from one of these sophomores. From left to right: Miss Lynda Jones, Miss Marsha Chandler, and Miss Cindy Mummery. The lucky girl will be crowned Saturday, February 18, at the Sweetheart Dance.

Spring Tour Planned

The Brevard College Glee club of 50 voices will make a northern tour March 31st to April 9th, under the direction of Harvey Miller.

In New York City the club will sing at Riverside Church and the Inter Church Center. Another performance in the metropolitan area will be given in the First Spanish and Emmanuel (Spanish speaking) Methodist church of Brooklyn.

Through arrangements made by Johnny Bradburn, '63, a program will be presented in the Tascack Dutch Reformed church, Parkridge, N. J. Johnny is serving as organist in this

Former Teacher Receives Honor

Mrs. Guy Buchfiel, a former Brevard College teacher, was chosen Woman of the Week by the ASHEVILLE CITIZEN.

She graduated from Western Carolina College, did graduate work at the University of Tennessee, was head of the Business Department at Brevard, and now lives in Cullowhee with her husband and four children.

Mrs. Burchfiel is talented in the artistic field, be it goodies from her kitchen, a beautiful Flemish arrangement, or some other lovely gift. She is active in civic and religious work and is always remembered for her willing service.

The Inn Welcomes All Students

"The Inn" will be the theme of the Sweetheart Dance, annually sponsored by the Nemos and Delphians, held on February 18, from 9:30 - 12:00 in Dunham Auditorium.

Both The Dynamics and The Interpereters will play for the students enjoyment. These two bands have played on many college campuses throughout the South.

Marsha Chandler, sophomore; Lynda Jones, sophomore; Cindy Mummery, sophomore; Pat McCorkle, freshman; and Brenda Wyke, freshman; compose the Sweetheart Court. One of the sophomores will be chosen to reign over the festivities of the night.

Presidents Cindy Mummery and Charlie Stroudenmire urge everyone to attend the "bash" after the Anderson ball game.

College Day Was Success

After Brevard, then what?

Four words and a question mark, but to many campus citizens here in "the hole," it is hoped much of the question mark was removed during yesterday's activities.

The future is always vague, but it doesn't have to constitute a frightening uncertainty.

College day was inaugurated here at BC to help students determine their fates when and if they graduate or transfer. The impressive array of senior college representatives from all along the eastern seaboard was a demonstration of the widespread reputation Brevard enjoys. The counseling services of these people were doubtless of great benefit to those who took the initiative to assume

MRS. LARRY WHATLEY

Concert To Be Held

On Friday, Feb. 17, at 8:00, Mrs. Larry Whatley will be featured in concert in Dunham Auditorium. She will be accompanied on the piano by Miss Harriett Herring. Mrs. Whatley plans to sing compositions by Mozart, Chausson, Schubert, Brahms, Britten, and Rossini.

A composition by Schubert will be performed by Mrs. Whatley, Miss Herring, and Miss Virginia Hillotson. Miss Tillotson will play the clarinet.

Mrs. Whatley will also sing a composition written by her husband, Mr. Larry Whatley. The concert is open to the public.

ABG Sponsored Supper, Seminar

Alpha Beta Gamma had its formal induction supper, Thursday, Feb. 9, at Berry's Restaurant in Brevard.

Mr. Henry Chaney, of Duke Power Co., was the guest of honor. The old and new members of ABG were treated to steak suppers at the first meeting of the spring semester.

Following the supper, a science seminar was held for all science students in Dunam Auditorium. Mr. Chaney, public relations representative for Duke Power and editor of "Duke Power Magazine" spoke.

Mr. Chaney's talk concerned the Keowee-Toxaway Project planned to be constructed 15 miles from Brevard in north-west South Carolina. The project will incorporate the facilities of hydroelectric power and nuclear energy to supply the needed electric power for this area. Several hydroelectric dams will be constructed on the man-made lakes, plus the utilization of nuclear energy to produce the power needed for the future in this part of the Carolinas.

Mr. Chaney also stressed the

Students' Requests Many For CB

A new Student Center Building is in the planning stage.

Students were interviewed as to what they wanted in "their place." The comments were varied, ranging from the ridiculous to the serious.

One of the most highly recommended new ideas was a small cafeteria which serves hot dogs and hamburgers in case of a missed meal. Mrs. Walker said, "I feel a small kitchen with good storage space is a must."

Bob Williams asked for a good heating system while Sandra Lucas and others asked for "decent" furniture in the lounge. Ben Abernathy asked for more specific things, juke box, TV room, and "a bedroom upstairs."

Ellie Felker said a mirror is a must, and Gail Lehman said yeah to an ice cream parlor. "Drink and candy machines are also wanted as is a book exchange store," said Tom Wolfe.

Gayle Welborn asked for more boys as did many other girls. Laura Lee Shawhan said she wants a "live band all the time." An art exhibit is desired in the Student Center by Wesley Stewart. Most of the girls want a larger book store than is run by Phi Theta Kappa — best sellers are a must. Pool tables were desired by the boys, but many girls turned the "thumbs down" sign.

Linda Nichols asked for new curtains; and several asked for the center to be open all day, with someone selling during mail time.

The present library is being considered for the Student Center. All the students agreed that the new center is "a grand idea."

Tournament Held On Feb. 23

The Western Carolinas College Conference Basketball Tournament will be held at East Rutherford High School Gymnasium at Forest City, N. C., on February 23, 24 and 25.

Gardner-Webb has won in the regular season championship for the second consecutive year. Last year the Tornadoes upset Gardner-Webb in an overtime period in the tournament finals.

great possibilities of recreational facilities which will be created by the construction of the "reservoirs."

The construction of the lakes and generating stations are expected to be completed by May of 1970.

THE ALLEN HIGH SCHOOL choir sang at the local Methodist Church on Sunday, February 12, which was Race Relations Sunday.

According to several of those who heard them, the girls did a "tremendous job."
