

**PAT McCORKLE** was selected as Delphian Sweetheart at the annual Sweetheart Dance last Saturday. **YEAH MAN!**

## SADIE HAWKINS DAY

This Saturday Brevard College is celebrating Sadie Hawkins Day. In remembrance of this Dogpatch occasion a typical girl-chase-fellow race is to be held between 1:30 and 2:30 Saturday afternoon. A girl may chase a boy she'd like to get "hitched up with" anywhere on campus except in the dorms. "Preachers" will be located around campus to perform the ceremonies. (The wedding certificate is actually an invitation to the festivities Saturday night of course the girl must pay for the "hitching license" —50c per couple.

Entertainment will be presented in the gym Saturday

night from 8:30 to 12:00 p. m. Included are a local clogging team, a square dance band, and the talented group, "The Petroleum Jellies." Decorations will include a genuine moonshine still and perhaps a Dogpatch restroom or two.

Tickets may be purchased at the door — 60c per couple and 35c stag, but only those who purchase tickets during the afternoon from the "preacher" will be eligible for the Daisy Mae and Little Abner prizes.

Dogpatch dress will be expected, and tennis shoes must be worn in the gym. Refreshments will be sold.

The event is being sponsored by the Day Students' Club.

**PARLOR DUTY** — Dennis Carrick and Kay Welch are this year's choice as Mr. and Miss Sophomore.

## Students Elect May Court For 1968 A.D.

Five girls were elected on February 22, for the May Court. The three sophomores are Brenda Wyke, Sue Anderson, and Marian King; and the two freshmen are Leia Elg and Melanie Beasley. These girls will be presented at the spring dance and one of the sophomore nominees will be crowned queen.

Brenda Wyke, from Hickory, N. C., was recently selected first runner-up to the Delphian Sweetheart. She is president of Nemos and has kept herself quite busy, making this one of the best years the Nemos have had. Brenda has also been very active as a Big Sister. Brenda plans to transfer to Lenoir Rhyne next year and major in sociology.

Vivacious Sue Anderson, occupant of third floor Beam, is from Ramsey, N. J. She is a cheerleader and an active Nemo. likes blue Volkswagens with a sun roof and no radio. She loves to go to the shore, dance, wear grubby clothes, travel upstate to N. Y. Her favorite object is the "bright, shiny moon." Sue, an art major, came to Brevard because she thought since it was in the south that it would be warm. Eventually Sue hopes to live in Washington, D. C., and work for the government.

Asheboro, N. C., is the home of Marian (Meim) King. Marian is a Nemo, a member of the Girls' All-Star Basketball team, and Mr. Tauscher's assistant.

She enjoys water skiing, horseback riding, and sign hunting. She likes third floor Beam's water pipes, banana sandwiches, watching rain, and fireplaces. She dislikes embarrassing situations such as being flipped over a bench on front campus.

Her favorite pet is a five-foot stuffed alligator. Marian plans to major in speech therapy at UNC-G.

Leia Elg is from Sparta, N. J., and she is engaged. She was recently selected as a freshman member of the Delphian Sweetheart Court. Also a Nemo, Leia enjoys snow and water skiing.

This summer Leia will work as a lifeguard. She hopes to attend the University of Tennessee and major in medical technology.

Melanie Beasley is also a

Union where he is presently a candidate for a Ph.D. in Sacred Music.

A native of Illinois, Mr. Gaines has organized and led many church music workshops in his home state and has appeared as guest conductor at many school music festivals throughout the state.

Mr. Gaines' credentials include degrees in music from Illinois Wesleyan University in Bloomington and study under Lloyd Pfantsch, Elaine Brown, Earl Borg, Robert Fountain, and Thomas Dunn.

## HEY "STICK"!

You'll never find our student of this week with a frown on her face. In fact, very often you'll find her laughing loudly at something that has happened or maybe even at herself. Debby Peterson is undoubtedly one of the happiest people around, and is always ready with a smile and kind word to everyone.

"Stick" as she is more commonly known, came to Brevard from Lakeland, Fla., because she wanted to find a junior college in the mountains which she really loves.

She originally intended to major in secretarial science, but she has now decided to major in elementary education. Next year she may work for the first semester; then spring semester she will commute to either Florida Southern or the University of South Florida. After graduation, she plans to teach.

"Stick" is a member of the Mnemosynean Society, and she

also is a member of the Girls All-Star basketball team. She likes all sports and is an enthusiastic participant in all intramural games. Swimming is one of her favorite sports, and she also likes to sew.

Commenting on Brevard, "Stick" says that she likes the smallness of the college and the kids. She feels that Brevard is in a most beautiful area, and she loves Pisgah Forest. When feeling down, she just looks at the mountains, and it makes her feel better. She hates to see people sad because of others.

"I suppose by name fits me perfectly except no one at home calls me "Stick" and no one here calls me "Debby." A practical joker, "Stick" loves roughhousing, particularly water-fights.

Brevard College is lucky to have such an attractive and vivacious co-ed among her student body.

## Career Night Held By ABG

The Alpha Beta Gamma chapter of Brevard College sponsored CAREER NIGHT in Dunham Auditorium, February 26. The program was aimed at aiding students interested in various fields by presenting several people around the Brevard area engaged in those particular fields. President Malcolm Carsten presided over the program.

Among the nineteen representatives of various fields were Mrs. Doris Potts, marine ecology; Mrs. Anna Holliday, biology;

Mr. David Kirk, chemistry; Mr. William Kelley, chemical and civil engineering; Mrs. Tim Murray, nursing; Mrs. Bruce McLean and Mrs. Fred Floyd, Math and Computer Programming; Mr. Carl Wilhelm, Forestry; Mr. Clayton Smith, Electrical Engineering; Dr. John Folger, Medicine; Dr. Frank McGuire, Optometry; Dr. Paul Owenby, Pharmacy; Dr. Wilburn Davis, Dentistry; Dr. William Martin, Veterinary Medicine; Dr. Robert Daniels, Architecture; Mr. Ben Clayton, III, Engineering Sales.

A buffet supper preceded the discussion meeting. Approximately fifty students signed up for and participated in the program.

Commented student Cordell Scott, II of Columbia, S. C., "It was a very enjoyable evening and one that should be continued. Personally, I would like to thank the Alpha Beta Gamma for such a fine program."

Miss Nicholson is adviser for the Alpha Beta Gamma.

third floor Beam girl from Jacksonville, Fla. She is a member of the Euterps.

Melanie likes to use baby talk, go horse backriding, eat cherry suckers, and walk alone on the beach. Always laughing, Melanie's bright smile adds to her personality. Contrary to popular belief Melanie is not Mrs. Santa Claus.

Melanie plans to major in elementary education at Florida State.
