

TORNADO WARNING!

BY RONNIE D. SMITH
SPORTS EDITOR

The basketball season is drawing rapidly to a close. With only two games remaining, the season is almost over. Those last games, however, could be the most important of the year. The conference tournament, which will decide the team that is to represent the conference in the regionals and hopefully the nationals, looms ominously in the near future.

Wins in the last two games would insure a near-the-top seeding for Brevard in the tournament. This usually results in the two best teams battling in the final game.

The remaining two games are against the two conference leaders, Spartanburg and you guessed it, the big boys of Boiling Springs. Wins over these teams would not only give the Brevard Squad a better tournament position, but more important it would boost their morale, an essential aspect in a basketball playoff.

Basketball, like most sports, is unpredictable and the conference race this year has proven that. Seven teams make up the conference and either one of those seven could knock off either of the other six if everything clicked at the right time. Gardner-Webb, as has been proven, can be beaten. The other leading teams have turned in fine performances, but have also let items near the conference cellar upset them or give them a close call. One never knows. That's what makes it interesting.

That is basketball, as unpredictable as a female, and almost as much fun.

Brevard will be out to get even with Spartanburg and to try for another big win over Gardner-Webb in two conference tilts next week.

The squad will host Spartanburg Tuesday night and then Thursday will journey into the "Land of the Giants" for another crack at the conference leaders. Gardner - Webb will be the team's last game before the conference tournament.

Brevard defeated Gardner - Webb by 89-72 but lost to Spartanburg 93 - 83.

Headen Hits 24 For Tornado Win

A 24 - point performance by Greg Headen led Brevard to a 67 - 57 victory over the North Greenville Mountaineers here Monday night.

The Tornadoes of Brevard took a lead early in the game and were never behind as they revenged an earlier defeat at the hands of the Mounties. Fouls and violations plagued the entire game with numerous

turnovers from both teams. North Greenville's scoring attack was led by Zwashi Bate-man with 16. The scoring totals are as follows:
Brevard — Headen - 2, Cross - 17, Faulk - 4, Groves - 3, Hunt - 6, Kagel - 11.
North Greenville — Bate-man - 16, Hafer - 12, Fisher - 4, Robinson - 8, Tucker - 2, Davis - 4.

CLAYTON GETS TWO — Sophomore guard Robert Clayton hits a driving layup in Brevard College's surprising 76-49 romp over Lees-McRae at Boshamer Gymnasium Saturday night.

Physical Education Is In High Gear

This semester the coeds at Brevard College are taking advantage of the many courses in physical education offered here at Brevard College. The sophomore girls are enjoying golf, tennis, badminton, bowling, archery and tumbling, all with the instruction of Coach Neal. The sophomore boys are learning to perfect such sports as tumbling, weight lifting, and golf under Coach Witek. The freshmen boys are participating in bowling, tennis, badminton, volleyball, and ar-

chery under the supervision of Coach Burch. Miss Anderson is working her freshman girls out with volleyball and track. Miss Neal is also teaching freshman girls, in volleyball and later this spring, softball. Mr. Fisher is teaching social dancing to several sophomore classes. Also, several coeds are taking a swimming course. All of these activities are helping Brevard College students to become better fit physically and socially.

BC Bombs Lees McRae

Last Saturday night, Brevard's basketball team beat Lees - McRae 75 to 49 to give Brevard a record of nine straight wins in home games this season.

Brevard played mostly a defensive game with a two-one-two zone defense, forcing many turnovers on Lees - McRae's part, and allowing Brevard to control the game tempo.

Gary Cross hitting from the outside for 24 points along with Greg Headen's 16 rebounds led the Brevard team to victory.

The rest of the squad teamed up in defensive plays to get the margin needed for the victory.

Machine Provides Exercise Variety

The monstrous - looking new addition to the weight room of Boshamer Bymnasium is, believe it or not, a beneficial piece of equipment. The new Universal Weight Machine provides a variety of body - building exercises and can be adapted to anyone's capabilities by a simple insertion of a pin.

The new machine eliminates the bulkiness of the more conventional barbell and dumb bell techniques that have been used in the past.

Consisting of stations for arm curls, leg press, supine press, sit ups, pull ups, two arm press, and several other beneficial exercises, the machine provides a complete kit for better physical fitness.
