Soccer Is Described As Blood, Sweat And Tears

By RALPH LUNDY
Soccer Tri-Captain

Did you ever want something real bad? I do not mean just anything, I mean something. We all want little things, but this is something you work and sweat for. Each day is spent thinking and talking and striving to accomplish this goal. This to us is soccer.

Soccer is a game which blends each individual's creativity into a fluent coordinated effort of a team. An individual "doing his thing" is a link in the chain of the soccer team. Each person does his part to benefit the team and the ultimate goal: winning.

The Soccer players are building a team with spirit, hustle, desire, and the leadership and influence of Coach Burch. But there is something missing. We want you to join our team. We need your support to make a whole team.

Soccer is a very fast moving and exciting game. You may not be familiar with it, but you will catch on quickly. Starting at 2
