

IT'S THE SIGN OF THE TIMES

The chilly mornings, the steady rainfall, the falling of leaves, the changing of hues in the distant mountains are all signs of the coming of fall. Fall officially arrived to the area

Tuesday. Soon all of the mountains will be decked out in colorful splashes of red, yellow, pink, brown and green and tourists will drive many miles just to witness their beauty. It's the sign of the times.

Paper Receives Press Award

A second place rating was awarded the CLARION, newspaper recently by the Associated Collegiate Press at the University of Minnesota in the 81st All American Critical Service. Approximately 600 newspapers from throughout the United States were evaluated.

The Clarion fell 65 points short of a first place rating.

Newspapers published from January through May were judged on coverage and content, writing and editing, editorial leadership, physical appearance and photography. Marks of Distinction for superior achievement may be awarded in each of the five categories and a paper must receive at least four such credits to be rated All American.

Ratings of First Class (excellent); Second Class (very good), and Third Class (good) are given on the basis of total numerical scores achieved in the five classifications. The Clarion totaled 3235 points.

"Competition for top ratings is tougher each year," Otto W. Quale, ACP executive director stated. "College editors, writers and photographers of today grew up in a whole new world of mass communications and their newspapers reflect this sophistication. There is more in-depth reporting and significant editorial content than was apparent five years ago.

"It is a responsible press challenged by great insight to the problems and progress that are a part of their lives today," Quale added.

Expansion Program To End With New Student Center

The final phase of the expansion program of Brevard College will be put into effect later this year when a contract is let for the building of the Sims Student Center Building.

The new building will consist of two floors and will cost an estimated \$500,000. It will total nearly 20,000 square feet and will be located across the road from the present Green Dormitory.

On the bottom floor, the new building will have a student lounge for the students, a dancing room and restrooms. Also included in the blue prints for the bottom floor are a laundry and drycleaning room, office space, storage rooms and a Tornado Room. Rounding out the bottom floor will be a Post Office that will be accessible at all hours, a College book store and a grill.

The second floor to the new building will include many advantages over the present student center. There will be a room for billiards and a room for table tennis or other indoor sports. Lockers and storage rooms will be provided with an additional lounge. Also included will be a T.V. Lounge.

On the second floor will be a conference room, two offices and a work room for the Student Government Association. There is included, in the drawing, rooms for a chapel and study.

Tentative plans call for the letting of a contract this semester with the construction to begin in January. The building of the facility should take approximately a year and should be ready by the beginning of 1971.

Chamber Music Series To Open 17th Season

The Asheville Chamber Music Series will open its seventeenth season on October 27, when the Brussels Chamber Orchestra will appear in concert, in the Lipinsky Student Center, University of North Carolina at Asheville.

The orchestra, conducted by the noted Maurice Bonaerens, consists of 17 artists, including seven violins, three violas, two cellos, one base violin, piano or harpsichord, flute, oboe, and trumpet. The orchestra is sponsored by the Belgium Ministry

of Education and Culture and for six years has performed with eminent success in Europe's leading music centers. Their first tour of the United States and Canada is scheduled for this fall.

The series will include three other concerts to be given in February and April. The Zurich Octet, of strings and woodwinds, the Droic quartet, and the Billgrade trio have been scheduled.

Season tickets for the series are available now.

Student Positions Filled In Elections Held Monday

Approximately 325 students voted in a general election last Monday for the election of class officers, Judicial Board members, and representatives to the Student Legislature. This was only an estimated 52 per cent of the student body participating in the election.

An estimated breakdown of

Run Off Needed To Complete Judicial Post

After election returns were completed Monday for the office of Sophomore Judicial Board Representatives. John Hurst and Rick Hoffman vied for the position and were forced to a run off that was held Thursday. Results were not available at news time.

In commenting before the runoff, John Hurst noted that he felt that both he and his opponent would do a good job. "If elected," he stated, "I would like to see a more definite explanation given to the students as to why they are being summoned to the board. I feel it only fair that they should have a chance to defend themselves, and only when they know what they have done wrong can this be accomplished.

"Along these same lines I would hope that in the future the Board will publish its views on the rules of the college, thus clarifying the student's idea of what is right and what is wrong and helping the student to know where he stands as an individual."

Rick Hoffman stated that he has come to realize that the Judicial Board plays an important part in the welfare of Brevard College students. He stated, "I believe there are several qualifications which a Judicial Board member should possess." He must be able to give of his time and effort, at all times being able to communicate with others. Also, he should know the difference between right and wrong.

"Finally," he added, "the representative should be a group worker, able to communicate with others in any situation. I believe that I possess these qualifications and will do the job to the best of my ability."

Lost And Found

Column To Start

This year we will have a central location for the "lost and found" articles on campus — The Faculty Office, 101 McLarty - Goodson Building.

Check the bulletin board for LOST AND FOUND listing. At present time the bulletin board nearest the Faculty Office of the McLarty - Goodson Building will be used for this purpose.

the voting showed that the sophomores outvoted the freshmen by a large majority. Approximately 70 per cent of the sophomores voted while only 40 per cent of the freshmen class voted.

Mack King of High Point was elected president of the Sophomore Class in the election. King defeated Courtney Lankford in the race for the position. Other sophomore officers were Donna Mills, vice-president, and Sherry Queen, secretary-treasurer. Both of these candidates ran unopposed.

David Chestnut was elected president of the freshmen class by defeating Don Livingston. Robert Marty captured the vice-presidential position. He defeated Robert Tutterow.

Treva Lee was elected freshman secretary-treasurer. She was unopposed.

Elected to the Student Legislature from the sophomore class were Robbie Tillotson, Janice Cartner, John Hoppe, and Kerry Kille.

Freshmen representatives to the Student Legislature will include Herb Weishaupt, Sherrill Barber, and Beverly Burge.

Each class was to elect four members of the class to serve in the Student Legislature and since the freshmen class only elected three, the fourth member will be appointed by the Student Legislature during one of the opening meetings of the year.

Three members of the student body were elected to serve on the Judicial Board for the coming academic year. These students are Bruce Mitchem of the freshman class and sophomores Elyse Sloan and either John Hurst or Rick Hoffman (a runoff election between Hurst and Hoffman was held late yesterday afternoon and the results were not available at press time).

The responsibilities of the class officers are varied and numerous. The officers represent the students at various functions and lead the students in their various projects that are held during the school year.

The members of the various classes that were elected to the Student Legislature are required to attend all of the meetings of the Legislature and are responsible for reporting the views of their classmates to the Legislature. Each member of the Legislature carries an equal voice and vote in matters brought before the assembly.

The Judicial Board is set up with an equal ratio of student and faculty. Three members of the student body will sit on the Board along with three members of the faculty. A majority vote is required before a decision can be handed down from the Board.

The first meetings of the Student Legislature will be held Wednesday during the assembly period in the front lecture room of the McLarty - Goodson Classroom Building.
