This time, there was an athletic contest which featured Brevard, under the direction of Arthur Ranson, scored a 19-2 football win over Belmont Abbey College. ## Yearbook Proofs Arrive At College

Brevard College students were given the opportunity this week to pick out their proofs from the recently arrived photos for the yearbook. The students had the option of ordering personal copies if they so desired, including all standard frame sizes as well as wallet prints, in either black and white or color.

This year 620 students were photographed, and the distribution method was revised by the participating firm, Olan Mills Studio. Depending on the alphabetical position of their name, students were given the chance to come in on a specific day during this week.

The nationwide studio, experienced in college and school photography as well as other areas, has found that the new method of distribution eliminates much of the confusion of the past.
