

## Bill Boggs' photography placed on exhibit in Coltrane

Recently placed on exhibit in the Coltrane Art Building at Brevard College is a group of photographs by Bill Boggs, a student of the college. This is an interesting display of photographs showing a developing technique and style.

A variety of different techniques are used in the photos of the exhibit. Some pictures were taken with a special film which eliminates gray matter and gives high contrast to the

picture. There are photos which have been printed through different screens giving them a different textured look. There are also prints in which various filters were used.

It is easy to see in the exhibit that Bill's favorite subjects are old things, and he has a special interest in small detail. Many photos in the exhibit are of local subjects in the Brevard area, although a few are from around Winston-

Salem.

Bill is a graduate of Brevard High School, and it is there that he began his photographic work on the staff of the yearbook. He has done numerous photographic assignments in the area and currently takes photographs for the Brevard College yearbook, the *Pertelote*, as well as working at Austin's Art Shop. A sophomore, he hopes to continue his studies next year at the Rochester Institute of Technology.

## Bishop of Northern Europe addresses Convocation

On Wednesday evening, April 5, Bishop Ole E. Borgen addressed the student body of Brevard College at Convocation. Bishop Borgen is the recently elected bishop of Northern Europe for the United Methodist Church. This area includes Norway, Sweden, Denmark, Finland, and Estonia, and he has jurisdiction over some 43,000 Methodists there.

Formerly, Bishop Borgen was the administrative assistant in Stockholm, Sweden, for the late Bishop Odd Hagen. Then in 1969 he was elected secretary of the World Methodist Council in Geneva. Bishop Borgen was elected to serve for life in his new position rather than for the usual six year term. His consecration, which took place on September 27, 1970, at the Jerusalem United Methodist Church, was broadcast on television.

Bishop Borgen was born and educated in Norway. He came to college in the United States,

and in 1958 he graduated *summa cum laude* from Brevard College. He presently has degrees from three Methodist-related colleges in America. He has delivered speeches and taught courses in Scandinavia. He is the author of numerous articles and two German books.

The Christian Council ate dinner with Bishop Borgen Wednesday evening before Convocation. Everyone enjoyed talking with him and appreciated his address.

## POW/MIA are still our concern

Although last week was National Week of Concern for POW/MIA, the American Prisoners of War and Missing in Action, our concern for these men should continue. Almost 1,700 American men are listed in the two categories. No one knows how many or which of these men are alive because Hanoi and the Viet Cong will not give out any information. Imagine the feelings of the families of these men, not knowing if their husbands, sons, and fathers are dead or alive, not knowing if they will ever return home. The outrage against such inhumanity must ring from the lips of all Americans, and echo throughout the world. There are several things that you are free to do — if you care.

First, you can obtain POW/MIA materials for distribution such as sample letters, petitions, brochures, bumper stickers, and pins from your local office,

Americans Who Care  
Box 100,000  
Fayetteville, North Carolina  
28303

or from VIVA  
356 National Press Building  
Washington, D. C. 2004

Next, you can wear a POW/MIA bracelet as a visible display of your concern and as a means to bring the plight of the POW/MIAs to the attention of others.

You can also write your Governor and state officials to find out what they are doing for the POW/MIAs and to solicit their help.

Finally, you can write letters to express your concern to the following addresses:

The President  
Hanoi, North Vietnam  
Democrat Republic of Vietnam  
Madam Nguyen Thi Binh  
49 Avenue Cambaceres  
Verrieres-Le Buisson  
91 Essonne, France

Prince Souphanouvang  
Chairman of the Neo Lao Hak  
Sta  
c/o NLHS Information  
Bureau  
Hanoi, North Vietnam

The suggested letter to send to the President of Democratic Republic of Vietnam is:

"As an American, I want proof of your good intentions as a humanitarian nation. Such proof can only come when you allow a neutral inspection team in your prison camps, such as the International Red Cross, to determine which of our men are actually prisoners and who of the missing in action have died. This would enable you to give us a complete list of names of all men you hold, and one which would be acceptable to us. Also, we continue to ask for the release of sick and wounded, and a free flow of mail between the prisoners of war and their families.

"I and other Americans are very concerned about the fate of our prisoners of war, those listed missing in action, and the plight of their families.

"I am concerned about your lack of response and await your reply by positive action in adhering to the above."

## "Bogus" highlights dance-concert

On Saturday March 18, the Brevard College campus was entertained by a rock band known as "Bogus."

The locally formed group consists of the following musicians and instruments they play, David Aduddel - Bass guitar, Andy Brightwell - organ and vocal, Marcia Cansdale - flute and vocal, John Finn - Bass guitar and vocal, John Macke - lead guitar, and Allen Smith - drums and lead vocal.

A wide variety of musical selections were presented for the listener's enjoyment, including a song composed by Andy

Brightwell in tribute (?) to Brevard College.

It is apparent that the performance was well received as there were no less than 200 spectators present throughout the evening, many of which said that they hoped there would be future dances or concerts by "Bogus".

The name Bogus is somewhat unique for a band since it means (according to Webster's New World Dictionary) "Not genuine, spurious, or counterfeit." However, the performance that took place on March 18 was indeed very real, to say the least.
