Financial Aid General Assembly Scheduled

A general assembly dealing with the subject of financial aid for the 1979-80 school year is scheduled for Wednesday, December 13th, at 10:00 a.m. in Dunham Auditorium.

According to Mr. Cunningham, Director of Financial Aid for Brevard College, there are four major objectives to this meeting:

1. To distribute to all students the financial aid forms which must be filed in order to establish a "need" for the 1979-80 school year.
2. To provide a detailed explanation of the form and the information which the form calls for in order to help the students avoid many of the mistakes which were committed on previous forms.
3. To provide an explanation dealing with the filing of the Federal Government's BEOG or Basic Educational Opportunity Grant.
4. To cover the various sources of financial aid in a student's financial aid package and their renewal for the 1979-80 school

year. This coverage will include (but not be limited to) the following awards and the stipulations concerning their renewal:

- a. Scholarship Day Awards.
- b. Citizenship Scholarships.
- c. Dean's Scholarships (formerly Honors Scholarships).
- d. Sims Scholarships.

The Financial Aid office would like to emphasize that both freshmen (returning next year as sophomores) and sophomores planning to further their education at another educational institution must file the proper financial aid forms in order to receive aid next year.

Brevard College is extremely fortunate to have not only such a successful financial aid program but the type of well-qualified staff that can make it tick.

According to Mr. Cunningham, 90-95% of all Brevard College students have had their established need either met or the maximum amount of aid available for them awarded to them.

CLEP Testing Dates Are Scheduled

Brevard College offers its students the opportunity to earn college credit through the College-Level Examination Program (CLEP). Anyone may take CLEP tests to demonstrate college-level competency, no matter how or where this knowledge was acquired: formal study, private reading, employment experience, non-credit courses, adult classes, TV/radio/cassette courses, military/industrial/business training, or advanced high school work. For students already proficient in a certain subject, an acceptable CLEP test score not only gives them full credit in the applicable college course but eliminates the time and cost of taking such a course.

Some of the subjects offered for examination are: American History, American Literature, Calculus, College Algebra, College Algebra and Trigonometry, College Composition, French, German, Spanish, English Literature, General Biology, General Chemistry, General Psychology, Introductory Accounting, Introductory Business Law and Freshman English.

Testing dates for this school year are January 20 and April 17, 1979. Students must register at least one month in advance; tests are administered on campus. For a complete listing of examinations and related information, students should contact Mrs. Betty Buck, McLarty Goodson 205.

New members in the society are: Tammy Coward, Steve Gaul, Cheryl Hampton, Diana Ereth, Mike Sanchez and Sandy Pressley, and Daryl Johnson.

Adult Day Care Program Requesting Volunteers

Do you seem to have a lot of extra time on your hands? Do you find yourself wishing that you could be doing something rewarding? Are you dreading a winter filled with boredom?

If you can answer any of the above questions in the affirmative the Transylvania Parks and Recreation Department has the perfect solution for your problem.

Sue Sharpe, spokeswoman for the department announces that the Adult Day Care Program is looking for young people from the college community to help the elderly.

The program will be run on a volunteer basis. Areas which the volunteers would assist in include: writing, reading grocery ads, understanding the banking process and filling out income tax forms.

The Department is also interested in historical stories about this area.

For further information please contact Mrs. Sharpe at 883-2050.

tributions from all members of the Brevard College community. The fourteen also decided that they would form the central core of the editorial board for the magazine.
