## Snow skiing classes planned for this winter

Brevard College will be offering snow skiing classes this winter. The program gives you the opportunity to develop a lifetime sport, have a great time during the cold winter months, and earn college credit.

Small classes grouped by ability enable you to maximize your learning experience while enjoying the fun of a group. Lessons are not just for beginners. Intermediate and advanced skiers learn to ski parallel and control speed on steeper terrain. Beginning skiers develop sound fundamental skills making skiing safer and more fun. A

series of lessons close together will have you skiing better than you would ever have believed.

The program includes 5 sessions of skiing; 1 night/2 days at Appalachian Ski Mtn., 1 day each, Sugar Mtn. and Ski Beech, instruction with the French-Swiss Ski College, rental equipment (skis, boots, poles), lodging for 4 nights and ski tickets. The program is scheduled for January 8-12, 1995.

If you are interested just show up on the first class meeting on Monday, November 21 at 7 p.m. in Room 102, Boshamer Gymnasium.
