

Students share the love on Valentine's

On February 14, many students stepped up to donate a pint of blood. The American Red Cross held a blood drive in the Reserve Dining Room of Meyers Cafeteria.

The need for blood was urgent, and several students volunteered to help run the event. Susan Martin, the campus nurse organizes a blood drive every semester. For more information on donating blood, visit www.givelife.org or call 1-800-GIVE-LIFE (1-800-448-3543).
