

SGA Executive Board FA 14- SP 15

Secretary

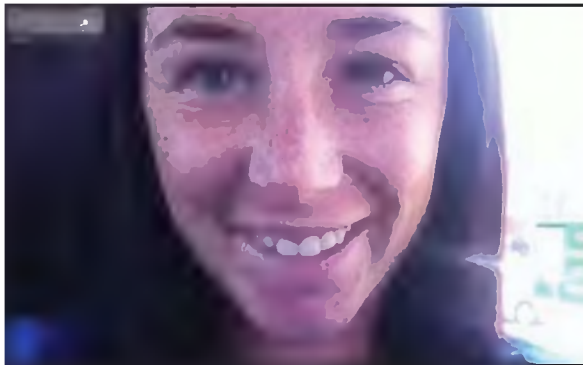

Emily Crowley

My name is Emily Crowley, for those of you who don't already know, I am running for the position of Secretary on the Executive Board of the Student Government Association for the 2014-2015 academic year. I am a transfer student to Brevard, and have been here 2 semesters. I truly love this school and all the students who attend, and I can't wait to serve the student body as an executive member of student government.

I am an Environmental Studies major, hoping to go into the field of law after graduation. I've found Brevard College has become a second home to me, and I hope to make it feel that way for other students through my leadership in student government. Have a great weekend, and don't forget to VOTE April 1-3 in the cafeteria!

Speaker of the Clubs

Heather Morris

My name is Heather Morris and I'm beyond excited to start out my second term as speaker of the clubs. I'm really excited to work with our new members on the executive board. This past year has truly been a blessing to be able to learn and grow with this previous executive board. I would like to see more active clubs within our Brevard College students. I cannot wait to see how all of the new board works together and excited for the amazing projects that will happen during next year. As it will be my senior year, it's my last chance to be on SGA. SGA will be making remarkable strides next year just as we made incredible strides this year.

Treasurer

Samuel Blakley

Usually, we all have a million different things running through our heads at a mile a minute, but at this moment I ask you to zero in on one. I want you to focus on the important question that you've been asking yourself ever since you decided to read this article, "who is Samuel Blakley". Now in answer to that question, I'll give you a basic rundown.

I've been described as a number of things ranging from your run of the mill, All-American average joe, boy-next door, with blond hair and a beautiful smile, but more importantly I'm the next SGA treasurer. With labels such as visionary, politician, and mathematical genius being applied to me on a regular basis you may find yourself wondering how anyone would be able to do anything other than want to vote for me.

On a serious note I want to create a more cohesive BC community. I plan to do this by helping fund clubs and encouraging students to participate in campus activities. My hope is that by advocating for more student involvement within the college community the SGA executive board can establish a close-knit bond among the students that allows them to feel comfortable on campus.

I have really enjoyed my time here at Brevard and I want to help ensure that future students have an even better experience. I would like to see each student who comes here to Brevard to feel at home and I plan to do that by making BC a more open-minded place. I will do this through the introduction of a bigger LGBT presence here on campus, bringing organizations such as a Gay-Straight Alliance to campus.

Also, I would like to see a push towards more widespread environmental friendliness. As a member of student government I have worked in SGA to integrate to a more efficient, widespread recycling program on campus.

I have participated in SGA for a year and I am familiar with the proceedings and procedures involved with student government. My experiences in SGA, along with my time management and organizational skills will allow me to best facilitate the changes my platform involves. Obviously, I am the best man for the job.
