# The Class of 2014

(Featuring Addison Dent)

Addison Dent seized the opportunity at the end of his speech Saturday to take a "selfie" with his fellow graduates. Dent, a theatre studies major, was the second of two seniors who spoke at BC's 2014 commencement ceremony. The earlier speaker, a double major in business and organizational leadership and in wilderness leadership and experiential education, was Elyse Santorso, who joked in her own speech about Dent's celebrity status.
