

*** LETTERS TO LAMBDA ***

Hi Larry,

I obtained your address from a very good friend of mine named John Johnson. We are both confined to the State Department of Correction here in Raleigh.

We are both confined in the same cell block and we were talking and I explained to John that everyone that I had contact with had stopped writting to me, so he gave me your address with hopes that you would put the necessary information in the CGA newsletter with the hopes that some brothers in the area would care to write to me! I am a white male, 5'11", 170 pounds, brown hair and eyes, with fair complexion, 30 years old, but I could pass for 21 or 22 easily.

I am not from this state and that is the biggest reason that I never have any visitors and very few letters, but it is easy enough for me to understand, since it is almost a thousand miles from here to my home. But at any rate, I would love very much to make some new friends in this area and I hope very much that there is someone who wouldn't mind sharing a few minutes every so often with another brother who will deeply appreciate their thoughtfulness.

I am very sincere and very open minded and I hope that any of the brothers who will write to me will be likewise as there is no need to be shy.

Sincerely
Wayman E. Harris
835 W. Morgan Street
Raleigh, North Carolina 27603

Dear Howard,

On behalf of the Hinton James staff and myself, I would like to thank you, Judy, Larry, and Allen for your presentation during our staff meeting on November 15. The information you provided, your insight, and the experiences which you shared with us were extremely helpful. Many of the staff members have commented that they enjoyed the evening, and also that they felt they had learned something from you, which indicates to me that your participation was valuable to us.

I will be recommending your participation in our spring training program to others in my department, and am hoping that we can work more closely together in the future.

Again, thank you for your time and energy.

Sincerely,
Cookie O'Brien
Residence Director
Hinton James Residence Hall
