

ESTABLISHED 1877

F. N. & R. Z. EGERTON

LOUISBURG, NORTH CAROLINA

It has been the policy of this house at all times to give its customers the very best values possible on every item sold them. That we are doing this is thoroughly demonstrated each day by the continued patronage of customers who started out with us thirty years ago; by the many new customers added every year, and by the large mail order business, some of which comes from cities five to ten times the size of Louisburg.
