LOUISBURG COLLEGE, LOUISBURG, N. C. FRIDAY, MAY 3, 1968

No. 9

## May Dance Tomorrow Night

"Where are you going?" cried the man from France. The LC students replied, "Where else? To the May Day Dance!"

The girls will wear a long or short dress, When they get in at 1:00 A.M. their flowers they'll press. The hour of 1:00 is unusually late, But the dance ends at 12 and begins at 8.

To the music of the swingin' Grandeurs the students will be shakin', While out in the lobby pictures will be taken.

The dance will be held in the gym on May 4, Beckham's giving the goodies, we can always go back for more.

Judy Babcock heads the committee of refreshments, Sorry, nothing stronger than peppermints! Renee Bancroft is taking charge of decorations,

Of course, they'll meet everyone's expectations. Sarah Haynes heads the publicity committee For lack of a word to rhyme with committee, I'm throwing a gittee!

Bob Schwartz secured the band—a swingin' sensation, The dance also includes the May Court presentation. Pens were sold by the freshman class to help pay for this May Day dance.

"But who sold the most pens?" questioned the man from France. Webb and Goldman sold the most, We're proud of them, so we'll boast.

The man from France took a firm stance, and shouted to the students of Louisburg Mall, "Come one, come all, this May Day Dance will be a ball!"

Terry Sanford, Alumni Speaker

## Commencement Exercises To Begin May 18

The class of 1968 will begin its commencement exercise with the annual Graduates' Breakfast at 8:30 A.M., Saturday morning, May 18. Permanent class officers will be elected at this breakfast. These officers will lead the activities of the Class of '68 in all their activities during the coming years.

The next activity will be the Alumni Banquet, which will be held at 7:00 Saturday night. The Honorable Terry Sanford will speak at this banquet, and

the graduating class will be presented to the Alumni Association.

At 11:00 A.M. on May 19, the Baccalaureate Sermon will be given by Dr. Barney Jones in the College auditorium.

At 2:30 P.M., 117 Associate in Arts, and 25 one year business degrees will be conferred. The Commencement address will be given by Dr. Stacy Weaver. Immediately following the Graduation Exercises will be the President's Reception.

## College Faculty Members Get Grants

Mr. Felton Nease, Chairman of the Biology Department, has made public his recent research findings under the title "The Biological Relationship of The Toothed Conodont."

His discovery predates the toothed conodont to a plant age. Formally it was thought that the conodont was of zoological origin. Dr. Nease has been engaged in research under a National Science Foundation grant for several years. He received his Ph.D. degree from Duke University.

Nease

Mrs. Patricia G. Palmer, Assistant Professor of Biology, has been selected to attend Arizona State University in Tempe, Arizona, for participation in a seminar in desert biology.

The six week summer session

Mrs. Palmer

will concern itself with the biota of deserts and factors affecting plant and animal life in desert regions. Mrs. Palmer received the A.A. degree from Gardner-Webb College, B.S. degree from Appalachian State University, and the M.A. T. from Duke University. Her husband, Michael Palmer, is Professor of English at Louisburg College.

Donald R. Richardson, Associate Librarian, was recently selected as a participant in the Faculty Institute in Educational Media and In-Service Television of the

Richardson

Bureau of Audiovisual Education at the University of North Carolina at Chapel Hill. The Institute is supported by a Title VI grant of the Higher Education Act of 1965. Mr. Richardson, a native of Randleman, obtained the A.B. degree from Guilford College, M.A. degree from Peabody College, and the M.S.L.S. degree from University of North Carolina at Chapel Hill.

Grady K. Snyder, Professor

of Mathematics, is one of 35 to be selected as a participant in the 1968 National Science Foundation Institute in Mathematics in Two-Year Colleges.

Snyder

The Institute will be held this summer at the University of North Carolina at Chapel Hill. Professor Snyder received the A.A. degree from Louisburg, and the A.B. and M.A. degrees from the University of North Carolina at Chapel Hill, where he is currently meeting requirements for the Ph.D. degree.

Kenneth Wayne Burris, Instructor in Biology, is one of 36 to be selected to attend a summer institute for college teachers of biology at Oregon State University in Corvallis, Oregon. Sponsored by the National Science Foundation, the program concerns itself with modern research techniques in college teaching. Mr. Burris has an A.A. degree from Louisburg College, the A.B. degree from High Point College and the M.A. degree from East Carolina University.
